Dear Dr.Sasikumar Gurumoorthy,

Hope this reaches you at best of your health and spirit!!!

APC Mahalaxmi College for Women in association with **Institute for Engineering Research and Publication (IFERP)** is conducting **International Conference on Recent Advancements in Information Technology, Science and Engineering (ICRITSE-17)** during 14th and 15th December at Tuticorin, Tamilnadu this year.

This conference aims at bringing together professors, researchers, scientists, academicians and other professionals and policy makers in the world of academic fraternities and sororities. This conference acts as platform for all the stakeholders of engineering and management to improvise their skills and it provides you a unique convergence of networking and learning. This conference will force you to challenge yourself with new ideas and approaches in the areas of your own interest.

Being a person of high profile in the academic field and considering your efficiency, we would like to grab this opportunity to invite you to join this esteemed international conference as Organizing Committee Member. Your guidance would help us in smooth and successful conduction of the conference.

If in any case we are fortunate to have you as part of the conference as Organizing Board, kindly send your bio data along with your passport photograph to upload your profile on our official website.

Please visit our website: <http://icritc.in/index.php> for further details.

Awaiting your affirmation at your earliest convenience.

Thanks and Regards,

Team ICRITSE-17,

IFERP/Mahalaxmi College for women,

25th Aug. 2016

Respected Dr. N. Padmaja,

We feel pleased to inform you that your name has been chosen for the "*Best Citizens of India Award*" in recognition of your exceptional calibre and outstanding performance in your chosen area of activity.

We have chosen only a few outstanding persons, after strict scrutiny for this Award, out of a considerable number of entries, which we have hitherto received for our forthcoming volume "*Best citizens of India*". The selection of the Awardees in general, however, is based on the information gathered by us, through our extensive research, which we make to identify the progressive pattern of the dynamic men and women of India. We also use all the contacts at our disposal for the said purpose. This Award shall certainly raise your status in the society and shall give a boost to your image from all perspectives.

It is only in the fitness of things to mention in this connection, that we are also honouring a few most outstanding politicians and Cine Stars with the maiden series of the "*Best Citizens of India Award*", for their spectacular performance in their chosen areas of activity. The personalities include *Shri M V Rajashekara MLC (Former State Planning Minister), Dr Bhisham Narain Singh Ex Governor, Former CBI Director Joginder Singh G.V.G. Krishnamurthy, Former Election Commissioner, Air Chief Marshal N.C. Suri Excelling Architect Feroz Kudianawala, Acknowledged Architect Hafiz Contractor, Lord Swaraj Paul NRI, Smt Sumitra Singh (Speaker Of Rajasthan) Dr Raghuvir S. Kadian (Speaker Of Haryana) and Dr. Naresh Trehan, Chief Cardiovascular Surgeon, Dr Deka (Dean AIIMS).*

The Award shall be in the form of eye-catching wooden plaque, which can be displayed as a wall hanging and shall serve as a unique presentation of an Award, drawing jealous attention of the onlookers. It will be dispatched to you by Courier. **Kindly ensure that your confirmation together with the Citation and Photograph must reach us latest by 10th Oct. 2016, which is the last date of dispatching the Awards.**

You will appreciate that we shall be producing a book entitled "*The Honoured Best Citizens of India*", to commemorate this event of national significance. Each page will be dedicated to one of the Awardees. It shall have the citation, justifying your worthiness for this coveted Award. A copy of the citation under reference is enclosed herewith for your kind perusal and approval. Any suggestion to improve the Citation in any manner is certainly welcome.

This is to further inform you that the proposed book shall be priced Rs. 4,000/- (Rupees Four Thousand only), as our considered value of the prestigious publication, which may be remitted to us in the form of a bank draft, drawn in favour of "**Best Citizen Publishing House**" as advance. You shall certainly relish the idea that the proposed volume shall be available in the major markets of India, shall be kept in certain libraries and shall also find its way to the private studerited entry in this Book by way of larger expansion of your recognition, fame and repute. Please Send back the enclosed citation (Typed It should not be hand Written) along with two passport size photograph.

Dear Prof. Dr. N. Padmaja,

Greetings from Prof Dr.P.Prakasam.

Myself Dr.P.Prakasam, working as a Professor/Principal at United Institute of Technology, Anna University, India. As a technical contribution to the society, I have started a 100 % double blind review non-profitable journal in the area of Signal Processing and Wireless Networks.

Name of the Journal: Journal of Signal Processing and Wireless Networks

Website: www.jspwn.com

I have gone through your profile and I understand that you are expertise in the filed of Signal/Image Processing/Wireless Networks. Hence I invite you to be a part of JSPWN team as Editorial Board Member.

Hope you will accept my request and we will work as a team for the betterment of the society.

I am expecting positive reply.

Dear Dr. Nimmagadda Padmaja:

You are invited to serve as TPC member for the Third International Symposium on Signal Processing and Intelligent Recognition Systems (SIRS'17) (SIRS-2017) - <http://www.acn-conference.org/sirs2017/>

Please indicate at the URL below whether you can serve on the TPC:
<http://edas.info/Tyn.php?tpc=999139319>

Your EDAS user name is padmaja202@gmail.com.

SIRS-2017 will be held in Manipal, Karnataka, India during Sept. 13-16, 2017. The venue of the Conference is Manipal University (<http://manipal.edu/mu/about-us.html>). Manipal is a suburb within the city of Udupi in Karnataka, India. Udupi is a popular pilgrimage centre and tourist spot. It is a land of ethereal beauty, sandwiched between the verdant mountains of the Western Ghats on the east and the vast, tranquil Arabian Sea on the west.

SIRS aims to bring together researchers from academia, industry and government and to provide an international forum for the sharing, exchange, presentation and discussion of original research results in both methodological issues and different application areas of signal processing and pattern recognition. The first and second editions were hosted by IIITM-Kerala, India. The proceedings are available online in SpringerLink digital library (<http://www.springer.com/gp/book/9783319049595>; <http://www.springer.com/gp/book/9783319286563>)

Dear Dr. Anitha,

I am happy to inform you that your nomination to be a member of revised Board of Studies in **Electronics & Communication Engineering** is approved by the Academic Council. I hope and request you to accept the same and help us in the activities of the Board. A meeting of the combined Boards of Studies is scheduled at **10.00 a.m. on Sunday the 5th June 2016** at the Institute premises at Rajampet. The individual Boards of different disciplines will meet at 1.30 p.m. on the same day. I kindly request you to attend the same.

Agenda for combined meeting of Boards of Studies:

- (i) To discuss and formulate the Academic regulations for B.Tech, M.Tech, MCA & MBA courses.
- (ii) To discuss scheme of instructions.
- (iii) To discuss implementation of Choice Based Credit System (CBCS).

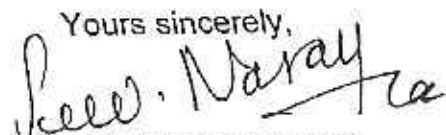

Agenda for Individual Boards of Studies of different disciplines:

- (i) To discuss the scheme of instructions and syllabi for II, III & IV year B.Tech/M.Tech/MCA/MBA courses.
- (ii) To revise panels of examiners and paper setters from external experts.
- (iii) Any other item with the permission of the Chair.

Supporting Your Editorial Experience

Dear Prof. Kamalapuram,

Your expert opinion is greatly valued for the review of the manuscript, "VANET-Cloud layer for predicting and disseminating vehicle traffic information," which has been submitted to the International Journal of Grid and High Performance Computing (IJGHPC).

IJGHPC has been selected for coverage in Thomson Reuter's products and services beginning with all content published in 2016, which means that IJGHPC will be indexed and abstracted in Thomson Reuter's Emerging Sources Citation Index (ESCI), in the Web of Science at the time of publication. Maintaining ISI standard quality is crucial for all accepted papers in IJGHPC. We hope to work together with our valuable editorial committees toward next level of excellence.

We understand your heavy workload and other commitments, and would be very grateful for your valuable contribution to the IJGHPC.

Please use the following link to view the submitted manuscript:

<http://www.igi-global.com/submission/erb-review-form/?eid=13ea20c0-193e-409b-8148-5f4eee0b0c70>

If you agree to help this time, please use the following link to view the submitted manuscript as well as the evaluation form.

Evaluation form: <http://www.igi-global.com/submission/erb-review-form/?eid=13ea20c0-193e-409b-8148-5f4eee0b0c70>

Please submit your completed evaluation by no later than June 24, 2017.

Please kindly providing constructive comments you are doing a service to your colleagues even if the manuscript is not, in your opinion, publishable. However, if you do not have the time to referee the article, would you kindly advise us on a colleague or possible referee to send the article to?

Thank you for your kind support and for considering this request.

Yours sincerely,

Dear Mrs. V Jyothsna:

You are invited to serve on the technical program committee for ICCTSN'2018 (2018 International Conference on Computer Intelligent Systems & Networking).

We seek novel paper submissions to be presented or posted (as a poster paper) in ICCTSN' 2018 with topics broadly including, but not limited to : (for detailed list, <https://easychair.org/cfp/ICCTSN2018>)

Track areas for articles include but are not limited to:

- Intelligent Systems and Applications
- Big data and Analysis
- Advanced Computing Architecture
- Information Centric Networking
- Internet of things and smart technologies and systems
- Multimedia and Social Computing
- Image Processing and Applications
- System Security and Privacy
- General track: Distributed systems, Networks and Innovative applications.
- Embedded Systems, System Integration and Verification
- E-Systems and Information Management.

Reviewing Process: Each submitted paper will be blindly reviewed by at least two members of an international technical program committee with appropriate expertise.

Please indicate at the URL below whether you can serve on the TPC:

Sub: Appointment as Editor –in – Chief of i-manager's Journal on Cloud Computing

Dear Dr. L. Venkateswara Reddy,

Greetings!

We take pride in announcing your appointment as the Editor-in-Chief of i-manager's Journal on Cloud Computing Your term of office will be from 2017 - 2019 for a period of three years.

As the Editor-in-Chief of the Journal, you would be responsible for the overall publishing process of the Journal, working in tandem with the Corresponding Editor and the Editorial Board. The primary responsibility of an Editor-in-chief will be to review all the finalized papers of a particular issue and to suggest/edit changes required to improve further the quality of the Journal.

We welcome new possibilities and academic contacts that your association might bring, and together we can face all challenges that confront the Journal and strive to increase the quality and impact of the Journal's content.

We wish you Good luck in this association!

Best Regards,

Joe Winston

March 26, 2017

Prof. Govind Joseph Chakrapani

Organizing Chairman, GATE 2017 on behalf of NCB-GATE, for MHRD

The GATE 2017 score is calculated using the formula

$$GATE\ Score = S_q + (S_t - S_q) \frac{(M - M_q)}{(M_t - M_q)}$$

where,

M is the marks obtained by the candidate in the paper, mentioned on this score card in GATE 2017

M_q is the qualifying marks for general category candidate in the paper*

M_t is the mean of marks of top 0.1% or top 10 (whichever is larger) of the candidates who appeared in the paper (in case of multi-session papers including all sessions)

$S_q = 350$, is the score assigned to M_q

$S_t = 900$, is the score assigned to M_t

In the GATE 2017 score formula, M_q is usually 25 marks (out of 100) or $\mu + \sigma$, whichever is greater. Here μ is the mean and σ is the standard deviation of marks of all the candidates who appeared in the paper.

Qualifying in GATE 2017 does not guarantee either an admission to a post-graduate program or a scholarship/assistantship.

Admitting institutes may conduct further tests and interviews for final selection.

Notice of Acceptance and Schedule, 41st COSPAR Scientific Assembly, 30 July - 07 August
2016, Istanbul, Turkey

Dear Dr. Prasanth,

On behalf of the Council of the Committee on Space Research, I am pleased to inform you that your contribution to the 41st COSPAR Scientific Assembly entitled: "Climatology of Gravity Wave Characteristics and Middle Atmosphere Thermal Structure Characteristics over Reunion Islands, France" has been accepted and scheduled for an oral presentation in scientific event C0.2, Lecture Room Beyazit Hall on Thursday, August 04, 2016, 15:15-15:30 (15 min).

For the overall program and details of your scientific event, please consult the Assembly website at:
<https://www.cospar-assembly.org>.

Inclusion of your paper in the conference program carries with it the obligation for you, or for one of your co-authors as the case may be, to display and/or to present the paper at the times and in the mode indicated. You are kindly requested to inform us if you and your co-authors find at any time before the Assembly that it is not possible to attend by logging into the website indicated above and selecting the "withdraw abstract" button next to the relevant paper(s) in the MyPapers area. You should also send a message to cospar@cospar-assembly.org and inform the C0.2 event organizer well in advance of the session.

In June the organizers will send authors instructions for oral presentations. These instructions will be posted in due time on the web at: <https://www.cospar-assembly.org>. Please be sure to read these instructions very carefully in order to facilitate preparation of your presentation and to help ensure that each event runs smoothly during the Assembly.

Presenters are encouraged to submit their completed manuscripts to one of COSPAR's journals, *Advances in Space Research* or *Life Sciences in Space Research*. There are no deadlines for submission as *ASR* and *LSSR* are regular journals. The web sites with instructions for authors and for submissions are <http://ees.elsevier.com/asr> and <http://ees.elsevier.com/lssr>. Information is also available on the COSPAR web site and at the Istanbul Assembly.

Your COSPAR Assembly presentation number is C0.2-0017-16. This is the final number for your presentation. Papers submitted to *ASR* or *LSSR* will be assigned a journal number that will be different from the COSPAR presentation number.

Please feel free to volunteer as chairperson for one of the sub-sessions of your event where you are not a speaker if the web indicates this position is not yet filled by the Main Scientific Organizer. If you wish to volunteer, kindly inform the event organizers and ZARM (cospar@cospar-assembly.org) by 13 June 2016.

Organizing Chairman, GATE 2017 on behalf of NCB-GATE, for MHRD

The GATE 2017 score is calculated using the formula

$$GATE\ Score = S_q + (S_t - S_q) \frac{(M - M_q)}{(\bar{M}_t - M_q)}$$

where,

M is the marks obtained by the candidate in the paper, mentioned on this score card in GATE 2017

M_q is the qualifying marks for general category candidate in the paper

\bar{M}_t is the mean of marks of top 0.1% or top 10 (whichever is larger) of the candidates who appeared in the paper (in case of multi-session papers including all sessions)

$S_q = 350$, is the score assigned to M_q

$S_t = 900$, is the score assigned to \bar{M}_t

In the GATE 2017 score formula, M_q is usually 25 marks (out of 100) or $\mu + \sigma$, whichever is greater. Here μ is the mean and σ is the standard deviation of marks of all the candidates who appeared in the paper.

Qualifying in GATE 2017 does not guarantee either an admission to a post-graduate program or a scholarship/assistantship.

Admitting institutes may conduct further tests and interviews for final selection.

CELEBRATION OF 50 YEARS
OF THE ACM TURING AWARDJUNE 23 - 24, 2017
WESTIN ST. FRANCIS, SAN FRANCISCO**REGISTER FOR THE 50 YEARS OF THE
ACM TURING AWARD CELEBRATION**

Dear ACM Member,

We would like to extend a special invitation to you to attend ACM's Celebration of 50 Years of the A.M. Turing Award.

Since its inauguration in 1966, the ACM A.M. Turing Award has recognized major contributions of lasting importance in computing. Through the years, it has become the most prestigious award in the field, often referred to as the "Nobel Prize of computing."

ACM will celebrate 50 years of the Turing Award and the visionaries who have received it with a conference on June 23 - 24, 2017 at the Westin St. Francis in San Francisco. ACM Turing laureates will join other award recipients and ACM experts in moderated panel discussions exploring how computing has evolved and where the field is headed. Panels include:

- Advances in Deep Neural Networks
- Restoring Personal Privacy without Compromising National Security
- Moore's Law is Really Dead: What's Next?
- Quantum Computing: Far Away? Around the Corner? Or Maybe Both at the Same Time?
- Challenges in Ethics and Computing
- Preserving our Past for the Future
- Augmented Reality: From Gaming to Cognitive Aids and Beyond

To reserve your seat at ACM's Celebration of 50 Years of the A.M. Turing Award, please register [here](#). Registration is free of charge, compliments of ACM. Space is limited, so register now.

We hope you can join us in San Francisco to look ahead to the future of technology and innovation, and to help inspire the next generation of computer scientists to invent and dream.

Subject: Manuscript IEIB-D-16-00379 for review

Date: Thu, 22 Dec 2016 12:32:40 IST

Dear Dr. Rama Prasad,

In view of your expertise I would be very grateful if you could review the following manuscript which has been submitted to Journal of The Institution of Engineers (India): Series B.

Manuscript Number: IEIB-D-16-00379

Title: An IWD Based Feature Selection Method for Intrusion Detection System

Abstract: Intrusion Detection System (IDS) is an essential cyber security tool which is used to detect abnormal activity on a network or a host. A general approach towards designing IDS models is to use classifiers as detection units. But a large feature space, including noisy, redundant and irrelevant features often lead to low detection and high misclassification rates by the classifier. To address this drawback, the process of selecting most relevant key features for classification is highly important. The objective of this work is to optimize the process of feature selection in a way that improves the accuracy of the classifier. This paper presents an IDS model wherein an Intelligent Water Drops (IWD) algorithm based feature selection method is proposed. This method uses the IWD algorithm, a nature inspired optimization algorithm for the feature subset selection along with Support Vector Machine (SVM) as a classifier for evaluation of the features selected. The experiments are conducted using KDD CUP'99 dataset and the performance is compared with earlier designs. The experimental results show that the proposed model performs better in terms of higher detection rate, low false alarm rate, and improved accuracy than the existing approaches.

Subject: Senior Member Grade Elevation Notification

Date: Thu, 02 Mar 2017 22:21:00 IST

Dear Rama Prasad Vaddella,

It is a great pleasure to congratulate you on your elevation to the grade of IEEE Senior member. IEEE Senior Membership is an honor bestowed only to those who have made significant contributions to the profession.

As an IEEE Senior member, you receive the following benefits:

- **Recognition:** The professional recognition of your peers for technical and professional excellence.
- **Leadership Eligibility:** Senior members are eligible to hold executive IEEE volunteer positions.
- **Ability to refer other candidates:** Senior members can serve as a reference for other applicants for Senior Membership.
- **Review panel:** Senior members are invited to be on the panel to review Senior member applications.
- **Letter of commendation:** A letter of commendation on the achievement of Senior member grade will be sent to your employer (upon your request). [Request a letter of commendation.](#)
- **Announcements:** Announcement of your elevation can be made in section/society and/or local newsletters, newspapers and notices.

In addition to your new benefits, the following rewards are sent to you via postal mail:

- **Complimentary Society Voucher:** You may use this voucher to join one **new** IEEE Society.*
- **Senior member plaque:** An engraved plaque you can proudly display to colleagues, clients and employers. The plaque, an attractive fine wood with bronze engraving, is sent approximately eight weeks after elevation.

Newly elevated Senior members are encouraged to find the next innovators of tomorrow and invite them to join IEEE. Those you invite to join will receive US\$25 off their first year of membership.

Congratulations on this significant milestone, and thank you for your contributions to the profession, and to IEEE.

Sincerely,

Joe Cruz

Dear Dr. J. Avanija,

A paper entitled:

Implementation of Reliability-Centered Maintenance for Transmission Components Using Particle Swarm Optimization

has been submitted to the International Journal of Electrical Power and Energy Systems for possible publication. Considering your expertise in this area, I would be grateful if you would perform a review on this manuscript. The abstract is included as follows:

Article Abstract

In a deregulated power industry, a maintenance strategy is of critical importance for transmission systems composed of aging components. Such a strategy can provide significant cost savings by optimizing maintenance decisions for power system operation. This paper presents a Reliability-Centered Maintenance (RCM) model for developing a maintenance strategy in a transmission system. This model is applicable to transmission components whose degradation can be classified according to the severity of the aging. Particle Swarm Optimization (PSO) is used to extract the optimal RCM strategy from a large class of possible maintenance scenarios. A numerical example shows that a maintenance strategy based on the proposed RCM model is more cost-efficient than traditional maintenance strategies.

31-May-2017

Dear Ms. K G,

Hope this email finds you well.

It is very delighted to introduce our journal (IJOP) to you. International Journal of Ophthalmology-IJOP (English edition) is a global ophthalmological scientific publication. It has been indexed in SCIE Expanded, PubMed, PubMed Central, Chemical Abstracts, Scopus, EMBASE and DOAJ. Its IF in JCR 2015 is 0.939. This journal is sponsored by Chinese Medical Association Xian Branch and obtains guidance and support from WHO and IGO (International Council of Ophthalmology). IJOP accepts contributions in English from all over the world. It includes mainly original articles and review papers. For more details, please visit www.ijop.com

Recently, manuscript ID IJOP-2017-0292 entitled "Diverse Roles of Macrophages in Intracocular Neovascular Diseases" has been submitted to our journal International Journal of Ophthalmology. We sincerely invite you, an expert in this relevant field, to review this manuscript within two weeks.

The abstract appears at the end of this letter. Please kindly let us know as soon as possible if you will be able to accept our invitation to review. If you are unable to review at this time, that will be very grateful for recommending another expert reviewer. We sincerely hope to get your valued help and support. Your participation will be greatly appreciated and we truly believe that it will be of great importance to the development of IJOP. Would you be kind enough to accept our invitation? You may e-mail us with your reply. Looking forward to your participation!

Once you accept our invitation to review this manuscript, you will be notified via e-mail about how to access ScholarOne Manuscripts, our online manuscript submission and review system. You will then have access to the manuscript and reviewer instructions in your Reviewer Center.

We realize that our expert reviewers greatly contribute to the high standards of the Journal, and we thank you for your present and/or future participation.

Looking forward to your reply!

Sincerely,
Adrian Lu

Bounds Candidate's Performance

Organizing Institute for GATE 2016 : Indian Institute of Science

The GATE 2016 score is calculated using the formula

$$GATE\ Score = S_q + (S_t - S_q) \frac{(M - M_q)}{(\bar{M}_t - M_q)}$$

where,

M is the marks obtained by the candidate in the paper, mentioned on this scorecard in GATE 2016

M_q is the qualifying marks for general category candidate in the paper

\bar{M}_t is the mean of marks of top 0.1% or top 10 (whichever is larger) of the candidates who appeared in the paper (in case of multi-session papers including all sessions)

$S_q = 350$, is the score assigned to M_q

$S_t = 900$, is the score assigned to \bar{M}_t

In the GATE 2016 score formula, M_q is 25 marks (out of 100) or $\mu + \sigma$, whichever is greater. Here μ is the mean and σ is the standard deviation of marks of all the candidates who appeared in the paper.

Qualifying in GATE 2016 does not guarantee either an admission to a post-graduate program or a scholarship/assistantship. Admitting institutes may conduct further tests and interviews for final selection.

Respected Sir

Hearty welcome to the Indian Society of Systems for Science and Engineering (ISSE). We are happy to declare that the new chapter with "Sriharikota-Chennai Region" is established under this professional body for interdisciplinary collaboration of Systems Science and Engineering in this region and was formally inaugurated on 29th December 2015.

Your application for the membership has been reviewed by the National Committee and registered as an **Associate Member** of the Society. You will be upgraded as Life Member subsequently.

Your Membership Number is :

LM 01456

You will be receiving a Membership card from the Society shortly.

It may be noted that the chapter is organising a National Conference along with SDSC SHAR on "Large Scale Multi-disciplinary Systems of National Significance - Trends & Challenges", coined as "LAMSYS-2016" during 24th to 25th Jun 2016 at Sriharikota. On behalf of the National Committee of ISSE and regional chapter of "Sriharikota-Chennai" Region, we look forward for your active participation in the activities of the Society.

Prof. Soumen Choudhury

The GATE Score is calculated using the following formula:

$$\text{GATE Score} = S_i + (S_o - S_i) \frac{(M - M_o)}{(M_o - M_i)}$$

where,

M is the marks obtained by the candidate in the paper, mentioned on this scorecard,

M_o is the qualifying mark for general category candidate in the paper,

M_i is the mean of marks of top 0.1% or top 10 (whichever is larger) of the candidates who appeared in the paper, (in case of multi-session papers including all sessions)

S_o = 350 is the Score assigned to M_o ,

S_i = 200 is the Score assigned to M_i .

In the GATE 2015 score formula, M_o is usually 25 marks (out of 100) or $\mu + \sigma$, whichever is greater. Here μ is the mean and σ is the standard deviation of marks of all candidates who appeared in the paper.

Qualifying in GATE 2015 does not guarantee either an admission to a post-graduate program or a scholarships/assistantship. Admitting institutes may conduct further tests and interviews for final selection.

Sir,

Sub: – JNTUA – APECET [FDH & B.Sc. (Maths)]-2015 – Confidential work – Req – Reg.

- I am happy to inform you that you are appointed for the privileged work of Paper setting, as per the enclosed syllabus, in the subject of **ELECTRICAL AND ELECTRONICS ENGINEERING** (Syllabus Enclosed Annexure – I) for the ECET [FDH & B.Sc.(Mathematics)] – 2015, Common Entrance Test to be conducted for admission to B.Tech./B. Pharmacy courses. I request you to kindly set the Question Paper (Sample Questions Enclosed Annexure – III) with alternatives as (1) (2) (3) (4) and send it in a named cover so as to reach me on or before **21st March 2015**. If any of your children / close relative is appearing for the said test please do not accept this offer. Kindly send your acceptance in the enclosed Proforma after thoroughly going through the following instructions.
- You are requested to set 100 Questions (The Serial No. of Questions should be from 101 to 200) Questions along with Key (Annexure – IV) following Unit wise weightage. (Annexure – II)
- You are requested to keep this assignment highly confidential.
- As ECET [FDH & B.Sc. (Mathematics)] – 2015 is an Entrance Test for Diploma Holders and B.Sc. (Mathematics) graduates, I request you to maintain appropriate level and standard of questions.
- Avoid ambiguity in framing the questions or the alternatives.
- Please take precaution to avoid any repetition of question.
- For your ready reference the sample questions are given in Annexure III.
- Students are required to answer 200 questions in 3 hours time. Keeping in view of this you are requested to set the questions.
- As the students are not permitted to carry the calculator to the examination hall, sufficient care is to be taken while setting questions. Further, please avoid the questions which require time consuming calculations.
- Out of four alternatives suggested there should be only one correct alternative.
- Please avoid the following as one of the alternatives.
 - (i) All the above
 - (ii) None of the above
 - (iii) (1) and (2) etc.
- Please sign the enclosed certificate which states that
 - (i) No relative / kith to kin is appearing in the exam and
 - (ii) Keep the entire process entrusted to you highly confidential.

- Papers containing questions and key are to be sealed in a separate cover by super scribing the title on the cover as "Question Paper" or "Key".
 - The remuneration for this assignment is (Rs.30/- per question + Rs.100/- for Computer Printout / Typed copy). If the paper is sent by Registered Post / Courier, charges will be reimbursed.
 - Filled-in remuneration form and 'certificate' to be given by the paper setter may be enclosed in the bigger envelope along with sealed covers of 'Key' and 'Question Paper'.
- I request your kind cooperation in this regard.

Please send your Question paper and Key along with other documents to the following address by Registered Post or Speed Post:

Abstract: With the rapid development of Internet, social network has gradually replaced the traditional social tools and become the major interaction channel between people. Among the mainstream social networking sites in China, Sina Micro blogging has revealed that in 2013 it already has over 5.36 million registered users. Given that social network is composed of individuals like graph nodes, how to find the most influential nodes (i.e. social star) in a given social network has attracted much attention in the research domain of social network analysis. Using Sina microblogging as the sample platform, this paper proposes an approach to find the social stars and evaluate their influence based on the data extracted from their social networks. This paper also presents an experiment that was conducted in a real-life company in order to validate the proposed approach.

Dear Professor,

Greetings from Institute for Research and Development India, Odisha.

About IRD India:

The Institute for Research and Development India (IRD India) is an ISO 9001:2008 certified independent, private non-profit scientific association of distinguished scholars engaged in Computer Science, Information Technology, Electronics, Mechanical, Electrical, Communication and Management. The IRD India members include faculties, deans, department heads, professors, research scientists, engineers, scholars, experienced software development directors, managers and engineers, university postgraduate and undergraduate engineering and technology students, etc. The mission of IRD India is to foster and conduct collaborative interdisciplinary research in state-of-the-art methodologies and technologies within its areas of expertise.

Best Paper Award:

In order to seed and experience the joy of research and innovation, every conference by IRD India is being identified for the IRD Scholar Award. The Technical session Chair of the conference will select the IRD Scholar Award by following criteria's: Quality of the Paper, Presentation style, PPT, Question and answer etc. Out of all tracks two Best paper awards is given to the scholar with Certificate and Memento

IRD India till now organised 87 International conferences, 10 Workshops and 2 Science Exhibitions in various places of India.

We are privileged to invite you as Mentor of IRD India/programme committee member/ Programme chair / Keynote speaker of IRD upcoming conferences.

Being a pioneer in promoting Education and Research through your Academic Leadership we request you to be the Technical Session Chair cum Keynote Speaker.

Dear Dr. Nimmagadda Padmaja,

Thank you for completing the review of the paper #1569826523 ("Comparative Spectral Analysis of Atmospheric Radar Signal processing by using HHT with FFT Algorithm") for TENSYP'14. Below is a copy of your review.

You can modify the report by going to <https://edas.info/R.php?r=5721933> up to the due date of November 1, 2013 22:59:00 EDT.

Best regards,
TPC Chair

> *** Relevance and timeliness: Rate the importance and timeliness of the topic addressed in the paper within its area of research.
Good (4)

> *** Technical content and scientific rigour: Rate the technical content of the paper (e.g.: completeness of the analysis or simulation study, thoroughness of the treatise, accuracy of the models, etc.), its soundness and scientific rigour.
Valid work but limited contribution. (3)

> *** Novelty and originality: Rate the novelty and originality of the ideas or results presented in the paper.
Minor variations on a well investigated subject. (2)

> *** Quality of presentation: Rate the paper organization, the cleanness of text and figures, the completeness and accuracy of references.
Readable, but revision is needed in some parts. (3)

> *** Familiarity: Rate the familiarity you are with the topic of this paper.
Expert (Currently work in this area and know the latest literature in the specific domain of this paper) (4)

> *** Strong aspects: Comments to the author: what are the strong aspects of the paper

HHT is recently developed method of analysis of non-linear and non-stationary signals.
The authors have taken the real time Radar data and performed spectral analysis and plotted doppler profiles.

> *** Weak aspects: Comments to the author: what are the weak aspects of the paper?

The authors demonstrate an application of Comparative Spectral Analysis of Atmospheric Radar Signal using HHT and FFT Algorithm. The contributions of the paper however are not well-expressed in the paper. The authors need to clarify and address these contributions, if any, in a more clear and concise way.

> *** Recommended changes: Recommended changes. Please indicate any changes that should be made to the paper if accepted.

1. The paper is not in the IEEE standard and needs to be severely revised.
2. Figures are not clear and needs to be labelled.

About IETE

The Institution of Electronics and Telecommunication Engineers (IETE) is India's leading recognized professional society devoted to the advancement of Science and Technology of Electronics, Telecommunication & IT. Founded in 1953, it serves more than 60,000 members through various centers, whose number is 64, spread all over India and abroad. The Institution provides leadership in Scientific and Technical areas of direct importance to the national development and economy. Government of India has recognized IETE as a Scientific and Industrial Research Organization (SIRO) and also notified as an educational Institution of national eminence. The objectives of IETE focus on advancing electro-technology. The IETE conducts and sponsors technical meetings, conferences, symposia, and exhibitions all over India, publishes technical journals and provides continuing education as well as career advancement opportunities to its members.

About the University

Dr. Babasaheb Ambedkar Technological University is one and only one of its kinds in the State by the name of the greatest legendary and educational person in the world. The University is located at Loner, the place in the ranges of Western Ghats, at the foot of Raigad fort, the place from where Chhatrapati Shivaji Maharaj administered his major activities. It is autonomous in nature and Unitary in its character. It is established in the year 1989 by the Government of Maharashtra. Although relatively young, the University is making its mark in the field of research and technological services through its dedicated faculty and disciplined students. The University has a conducted institute of its own, "Institute of Petrochemical Engineering", running Diploma Courses in eight streams of engineering and technology. The University extends its services to the society through a governmental scheme of "Community Polytechnic" by educating the dropouts and empowering them with technical skills. The University also offers education especially to rural women through a Certificate Course in Nursing Technology.

About E&T Department

The core strength of any university lies in the quality of its faculty. The Department of Electronics and Telecommunication Engineering is headed by Dr. S. L. Nalawar and has a team of highly motivated and dedicated faculty to the cause of education and

striving to do the best in the interest of the university and its students. Faculty members are PhD/post graduates in their respective fields, whereas others are pursuing higher studies. Faculty members are actively involved in research work and regularly publish their research in journals and conferences. Faculty, as a team, aims to remain focused, promote innovative learning, and serve beyond campus and a network of like-minded persons for success.

Research Area Pursued by the Faculty Members

Microwave engineering, antennas, digital signal processing, image processing, embedded, biomedical, EMI/EMC, communication etc.

About the Conference

IETE Cynosure-2013 is a premier conference going to be organized by the Dr. Babasaheb Ambedkar Technological University in association with the Navi Mumbai center of the institution of electronics and telecommunication engineers during December 26-27, 2013 at Loner, Raigad (MH), India. The international conference on computer, information, electrical and electronics engineering (CIEEEE), aims at bringing together the researchers, scientists, engineers and research students in areas of engineering and technology, and it provides an international forum for the dissemination of original research, new ideas and practical developments experiences. The conference has the focus on the frontier topics in the field of computer, information, electrical, and electronics engineering. All accepted papers will appear in conference proceedings.

IETE Cynosure-2013 is organized to address various issues to promote the creation of intelligent solution in future. It is expected that researchers will bring new prospect for collaboration across disciplines and gain ideas facilitating novel concept. The theme of this conference will motivate the researchers to adopt the outcome for implementation. The conference will provide an exceptional platform to the researchers to meet, discuss the practical solutions, scientific results and methods in solving intriguing problems with people who are actively involved in these emerging fields.

CALL FOR PAPERS - Volume. 2 Issue. 8 (August - 2013)

Dear Reviewer,

International Journal of Engineering Research & Technology (IJERT) is now became one of the the world's renowned official International Engineering Journal to publish research paper in various engineering fields of Computer Science, Electronics & Communications, Mechanical, Civil, Electrical Engineering & Mathematical Science.

It is our immense pleasure that you are active review board member of our journal IJERT.

We are now accepting papers for next issue, Volume-1, Issue-3, August-2013,

So Please forward this message to inform your students & fellow researchers to get benefit out of this.

Author benefits specific to Paper Publication:

- Fast & Easy Paper Publication Process
- Author will get Hard Copy of full published paper without extra charges.
- We provides Individual Hard copy of "Certificate of Publication" to all authors of paper
- Paper will publish online as well as in hard copy(print) of journal
- Indexed in Major online open access Journal Databases like Google-Scholar, IC
- Open Access Journals Database for High visibility and promotion of your paper

Dear Dr. P:

Would you be willing and available to review "Seasonal and Diurnal variation of convective available potential energy (CAPE) using COSMIC/FORMOSAT observations over the tropics" by Narendra alur and Jan Nee, submitted for possible publication in the Journal of Geophysical Research - Atmospheres?

The abstract is:

The global pattern of convective available potential energy (CAPE) at seasonal and diurnal time scales is discussed using one year of COSMIC/ FORMOSAT-3 satellite observations. The calculation of CAPE using temperature and humidity measurements of COSMIC is described. The estimated CAPE is grouped into 5X5 grid and further classified into four seasons namely winter, spring, summer and autumn. The CAPE magnitudes in general have high values over land as compared to oceanic region, which confirmed the consistency of CAPE calculations. The systematic migration of CAPE from Northern hemisphere to Southern hemisphere is observed during Northern hemisphere summer to winter coinciding with the movement of inter tropical convergence zone. Once the seasonal pattern is established, using the composite diurnal patterns of CAPE with 2 hrs resolution is obtained by combining all the observations in one season. Diurnal variation of CAPE has shown domination of semidiurnal variations at some latitudes (12 hrs) and diurnal variation (24 hrs) at some other latitudes. The mean removed CAPE is then subjected to Fourier analysis to extract the diurnal variation amplitudes. During the observational period, larger CAPE magnitudes are observed in the Indian Ocean during most of the seasons comparable in magnitude to that of the land regions. As the CAPE and precipitation patterns have correlation, the present study demonstrated the capability of COSMIC/ FORMOSAT-3 to study the diurnal patterns of CAPE, which will have implications in interpreting the tropical diurnal precipitation patterns.

Please decline the invitation if you think that you are unable to provide an objective review. If you agree to review this manuscript, I would ask for your comments within 30 days from your acceptance.

Dear Mr. KRV Prasad

Considering your research in the area, I would greatly appreciate your willingness to provide a review of the referenced Regular Paper for the IEEE Transactions on Image Processing. The abstract and the list of authors are included below.

By contacting experts like yourself, we hope to obtain detailed and well-substantiated reviews that will help us identify high quality contributions. Our journal has implemented new standards for a timely review cycle. If you agree to do this review, we request that you submit the review report electronically within 6 weeks through the website <http://www.computer.org/tp>.

Please respond to this email as quickly as possible using the suggested response link available below. As you know, peer review is essential to maintain the quality of the journal. If you are not available to review at this time, I would appreciate the recommendation of a capable colleague.

Thank you in advance for your help and prompt response.

Sir,

Sub: Awareness Program on MATLAB Participation as a Resource person-10g.

As part of Academic activity we are keen to arrange an "Awareness program on MATLAB for the benefit of the faculty of ECE and CSE departments. In this context, further to the telecon I had with you, I cordially invite you to KKC Institute of Technology & Engineering to be one of the resource persons. This program aims to provide awareness on the basic principles and usage of MATLAB to the young faculty.

You may please plan for delivery of lecture and hands-on-session preferably on 24th June 2013. Arrangements for PPT presentation are made for your convenience. Any additional facility required may please be informed.

Necessary arrangements for your hospitality, Transport and Honorarium will be made on receipt of confirmation to be a resource person.

Looking forward to your favorable reply through e-mail at the earliest possible. Our e-mail ID is kkcwhodece@gmail.com

Yours faithfully,

Dr. Naveen Kilari
