

A Two Day workshop on
"Startups in India"

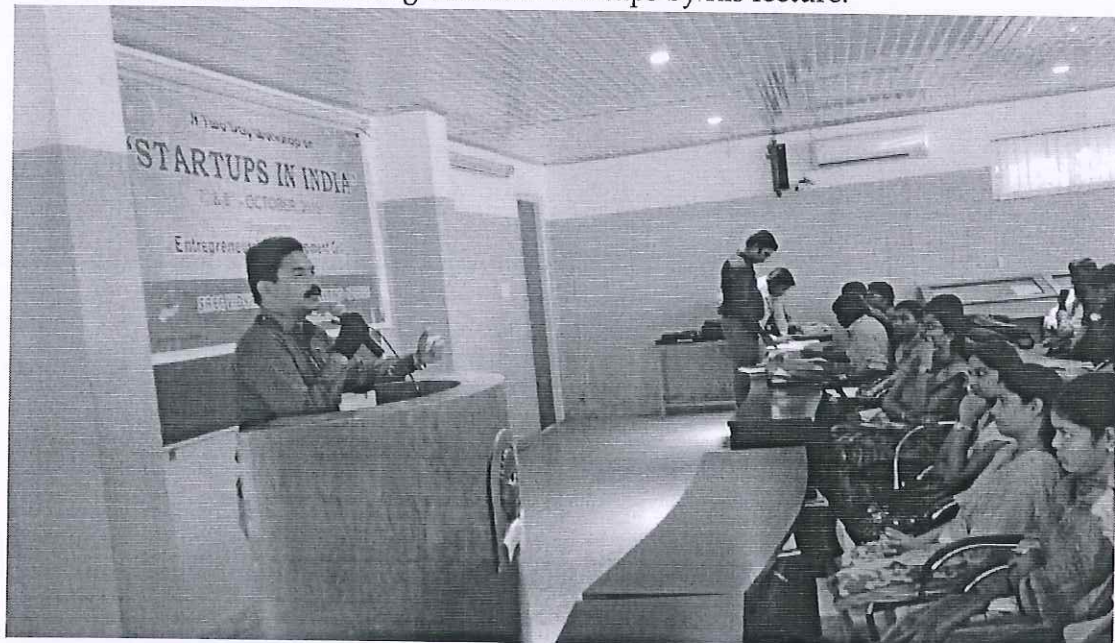

(07-10-2015 to 08-10-2015)

A Two-day workshop on "Startups in India" was organized by Entrepreneurship Development Cell to the M.Tech. students.

Dr.K.Delli Babu, Chief Coordinator, ED Cell, addressing to the students

On Day-1, Dr.M.Ravichand, Assoc. Professor, Dept. of GEBH, gave a talk on Startups. He started the lecture with definitions of startups, stages of the startup lifecycle and startup eco system. Later he focused on scope for growth. In that he explained startup policy initiatives, role of large businesses and possible impact of startup incubators. He motivated the students for starting their new startups by his lecture.

Dr.M.Ravichand, Assoc. Professor, GEBH, SVEC, delivering lecture to the students

On Day-2, Dr.N.Gurunatha Naidu, Professor, Dept. of MBA, SVIM, gave an overview on Startup India. He demonstrated startup investment aspects, approvals and other regularity process. He also focused on startup business challenges, IPR Management and procedure for starting a business. Students were exited with his lecture and cleared their doubts by interacting with him.

The sessions on both days went well and students gained the knowledge on Startups. Some of the students had shown interest to work on their ideas to start the startups.
