

An Expert Lecture in the Field of Geotechnical Engineering

“Landslide Hazard Assessment and Monitoring in Kalimpong, Darjeeling, Himalayas, India”

By

Dr. Neelima Satyam

Associate Professor, Department of Civil Engineering, IIT Indore, Indore.

17th December 2018

Convener: **Dr. O. ESWARA REDDY**

Coordinator: **Mr. M. Tharun kumar**

The Department of Civil Engineering of Sree Vidyanikethan Engineering College has organized an Expert Lecture for Civil Engineering students on 17th, December 2018 from 11:00 a.m to 1:00 p.m. The objective of the program is to bring eminent academicians on to the campus to share their knowledge and experience with the students in the field of civil engineering. This program is helpful for the students to understand the problems related to Landslide hazard and making them aware how that can be monitored using the latest technological advancements. The resource person was an eminent personality from the Academia, **Dr. Neelima Satyam, Associate Professor, Geotechnical Engineering Division, Department of Civil Engineering, Indian Institute of Technology Indore, Indore.** Recently, she has been elected as Executive Member, Indian Geotechnical Society for the term 2019-2020.

IV B.Tech, Civil Engineering students of 105 No. and 24 No. faculty members from the host institution were participated in the session of Expert Lecture on **“Landslide Hazard Assessment and Monitoring in Kalimpong, Darjeeling, Himalayas, India”**. Dr. O. Eswara Reddy, Professor and BOS Chairman, Department of Civil Engineering, SVEC; Dr. M. V. Subba Reddy, Assistant Professor and Head, Dept. of Civil Engineering graced the occasion.

On the whole, the event was proved successful. Expert Lecture is a way of enriching our students with the latest developments in civil engineering by an eminent academician within and beyond curriculum. Students got inspired by the speaker and got enriched with knowledge on Landslide Hazard Assessment and Monitoring. In addition, a good interaction took place between the speaker and participants. Further, the Civil Engineering Department had an opportunity to explore the possibilities of collaboration with the speaker with respect to internships and research projects.

The photographs of the program are as follows.
