

*Department of Information Technology*

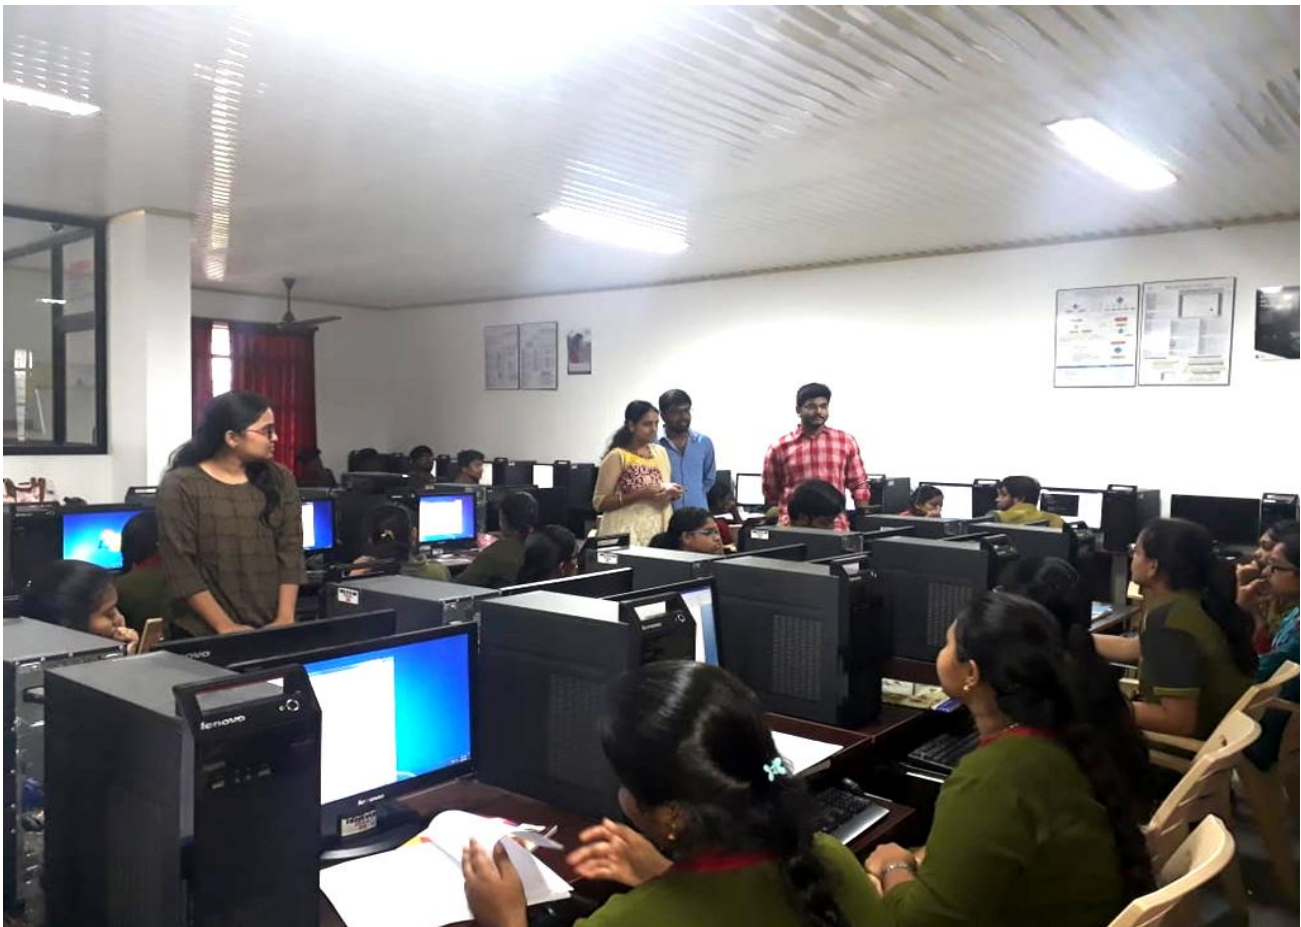

**Invited Talk**

**on**

**“Campus Placements and Industrial Training”**

**July 27, 2019**

**Ms. C. Jahnavi**, (Alumni of IT) Software Engineer, Broadcom, Bangalore,  
**Mr. E Vishnuvardhan** (Alumni of IT) Software Engineer, L&T, Bangalore,  
**Mr. B. Muneedra** (Alumni of IT) Software Engineer, Huawei, Bangalore, has  
Discussed about industrial training compared with college placements

**ALUMNI** addressing Students of II B.Tech. IT students

**Mr. E. Visnu Varadan** explained the importance of placement training conducted by the institute. He suggested practicing tests through Placement season and Talent show platforms.

**Ms. C. Jahnavi** said that all basic concepts will be covered during B.Tech program, and hence companies will provide training advanced concepts of IT subjects, tools and technologies. Therefore, students should be thorough in basic concepts of engineering.

**Mr. B. Muneendra** suggested to target for product based companies instead of service based companies
