

DEPARTMENT OF ELECTRONICS AND INSTRUMENTATION ENGINEERING

Guest lecture on

“Advanced Radar Technology for Atmospheric Research”

On

29th January, 2019

Mr. M Durga Rao, Senior Scientist, NARL, Gadanki is the resource person

The following topics were covered in his lecture:

- Description about RADAR operation.
- RADAR uses in atmospheric research.
- Instrumentation in Atmospheric research.
- Job opportunities in NARL.
- Analyze the performance of simple tracking RADAR systems.

Total 110 students were attended the program. They expressed very happy about arranging this program.
