Department: IT | Dates: 15ᵗʰ – 27ᵗʰ June, 2020

Two Week Online Workshop on "Android Application Development"

Department of Information Technology, SreeVidyanikethan Engineering College organizedan online Workshop on **"Android Application Development"** in association with APSSDC during 15-27 June, 2020 GoTo Meeting. About 180 students and Faculty members actively participated and acquired mobile application development skills from the FDP sessions.

Dr. K. K. Baseer, AssociateProfessor of IT, SVEC welcomed the resource person Mr. Pavan Kumar Reddy Tadi, Developer and Senior Trainerof APSSDC and also participants.

Mr. G. Uma Mahesh, AssistantProfessor of IT, SVEC welcomed the resource person Mr. Siva Krishna of APSSDC and elaborated the objectives of the program.

Mr. Pavan Kumar Reddy Tadi discussed various concepts from UI to Mobile Application Development through GoToMeeting with live demonstrations. He discussed each topic theoretically as well as made the participants to do practically. Along with him Mr. Krishna helped the participants to clarify doubts at the middle of the sessions.

Mr. Pavan discussed the concepts like installation, intents, life cycle, UI components, Buttons, Input controls, Menus, Pickers, Navigations, backend data, schedulers and saving user data.

The resource person demonstrated many live mobile applications, like Corona live app demonstrated by the resource person.
