A Report on Add-on Course on
.NET TECHNOLOGIES
(22-11-2018 to 24-11-2018)

The Department of Master of Computer Applications, SVEC, organized a Three day Add-on course on ".NET Technologies" from November 22nd to 24th 2018 in SVEC MCA Lab. Totally 40 students of MCA V semester has participated in the course.

The main objective of this Add-on Course is to introduce .NET technology which provides Multi language environment to develop windows based Software Application Development. Participants will learn to develop applications using C# and VB.NET. They will also learn to apply these languages to develop server-side applications which make use of ADO.NET, ASP.NET, Web Services.

The event was inaugurated on 22nd November, 2018. The welcome address was given by Dr. K. Suneetha, Head, Department of MCA, SVEC stating the importance of new technologies like .NET and J2EE are must for every software developer as these courses are making blocks of software application professional that give the competitive knowledge to face any kind of problem in the world of Information Technology. The members of faculty of MCA, SVEC, Mr. Y. Kiran Kumar and Mr. A.R.Kishore Kumar have expressed their pleasure in acting as resource persons for this Add-on course.

During the session the resource persons discussed about the concepts like Introduction to .NET Framework, Major Components of .NET Framework like Common Language Runtime, Common Type System and Common Language Specification. Understanding the Object Oriented Concepts using C#, Creating Applications with C#, Database Programming using ADO.net, Classes, Generics, Collection and Inheritance. Building a Web Application, Examples Using Standard Controls, Using HTML Controls, Validating Form Input Controls using Validation Controls, Data Management with ADO.net.

The valedictory function commenced at 4:30 PM in the SVEC MCA Lab presided by Dr. K. Suneetha, Head, Department of MCA.

*Resource Persons **Mr.Y. Kiran Kumar** and **Mr. A. R. Kishore Kumar** delivering speech on .NET technologies*

A Report on Add-on Course on

Project Development Using 'C'

(14-12-2018 to 15-12-2018)

The Department of Master of Computer Applications, SVEC, organized a Two day Add-on course on "Project Development Using 'C'" from December 14th to 15th 2018 in SVEC MCA Lab. Totally 35 students of MCA I semester has participated in the course.

The main objective of this Add-on Course is to develop a simple application using 'C' language. The students will learn how to create records for the purpose of storing persistent data, Creating files for storing data in terms of records, Accessing the stored records from the files sequentially and randomly and to design a simple user interface using simple functions like textcolor(), gotoxy(), etc..,

The event was inaugurated on 14th December, 2018. The welcome address was given by Dr. K. Suneetha, Head, Department of MCA, SVEC stating the importance of C language. The members of faculty of MCA, SVEC, Mr. A. R. Kishore Kumar and Mr. Y. Kiran Kumar have expressed their pleasure in acting as resource persons for this Add-on course.

The valedictory function commenced at 4:30 PM in the SVEC MCA Lab presided by Dr. K. Suneetha, Head, Department of MCA.
