Department of Computer Science and Systems Engineering

Skill Development Program on

"Necessity Of Promoting the Competitive Programming Culture in

Indian Colleges and Its Significance"

The Department of Computer Science and Systems Engineering organized a Skill Development Program on **"Necessity of Promoting the Competitive Programming Culture in Indian Colleges and its Sgnificance"** under TEQIP-II on 30th march, 2016. The resource person was Mr. Anup Kalbalia, Tech Lead, Directi, Mumbai. The programme is conducted for II B.Tech CSE, IT & CSSE students.

Mr. Anup Kalbalia discussed on the current competitive programming contests around the world and how students must be prepared for those contests and motivated the students to participate in them. He also elicited the importance of Scripting Languages like JavaScript, PHP, bash and Python. In the second session, he conducted a hands-on workshop and made them work on few problems in codechef.com. Also he interacted with students in SVEC CodeChef Campus Chapter.

Around 65 students benefited in this SDP and gained knowledge on Competitive Programming and scripting languages like JavaScript and PHP.

Mr. Anup Kalbalia facilitating the students on necessity of the competitive programming culture.
