DEPARTMENT OF COMPUTER SCIENCE AND SYSTEMS ENGINEERING

An Expert Lecture on

"Open source Automation Tools and Test Types"

The Department of Computer Science and Systems Engineering organized An Expert lecture on **"Open source Automation Tools and Test Types"** under IIIC through TEQIP-II on 27th February, 2016. The resource person was **Mr. Mummareddy Mahesh,** Senior Software Engineer, Inmobi, Bangalore. Programme was conducted for III & IV B.Tech CSSE students.

Mr. Mahesh discussed on various basic types of testing and automation tools such as Junit and TestNG automation frameworks, Continuous Integration Servers.

92 students participated and gained knowledge on Open source Automation Tools and Test Types

The following are the outcomes of the programme:

- Students acquired information on different testing tools used in the industry.

- Students gained knowledge on open source testing and automation tools such as Junit and TestNG automation frameworks, Continuous Integration Servers.

- Students learnt about different techniques practiced for writing test cases.

Mr. Mummareddy Mahesh, Senior Software Engineer, Bangalore, enlightening the students on Open Source Automation and Test Types.

The Students are listening the Lecture
