DEPARTMENT OF COMPUTER SCIENCE AND SYSTEMS ENGINEERING

An Expert lecture on

"Mobile Platforms and Development Environments"

The Department of Computer Science and Systems Engineering organized an expert lecture on **"Mobile Platforms and Development Environments"** under IIIC through TEQIP-II for III B.Tech CSSE students in on 18th January, 2017.

Prathap Velavaluri Sekha, Test Architect, Senior Software Engineer at CSC, USA Division, delivered the Expert lecture. Mr. Prathap enlightened the students on Fundamentals of Mobile App Development. He explained designing and testing the automation framework suite for mobile applications using Appium for both Android and iOS. His demonstration of Test Management tools like Mercury Quality Center, HP Application Life Cycle Management, IBM Clear Quest and JIRA, and presentation of his work on Mobile APPs were the highlights of the session.

Prathap Velavaluri Sekhar delivering the lecture

Students listening to the lecture

98 students participated and gained knowledge on Mobile Platforms and development Environments

The outcome of the Expert Lecture is:

➢ Gain knowledge on Fundamentals of Mobile APP Development.
➢ Students will be able to design the automation framework suite for mobile applications using Appium for both Android and iOS.
➢ Students will Understand Test Management tools like Mercury Quality Center, HP Application Life Cycle Management, IBM Clear Quest and JIRA.
➢ Student will be able to do projects on Mobile Applications.
