**Report on Singing 2017**

To bring out the singing talent of the students, the singing competition was held on 17-03-2017 for the students of SVEC to showcase their inner talent. A total of 142 students spanning across all departments of the institutions has participated and exhibited their talent in classical, devotional and Folk Categories. The heads of various departments has judged the arts and shortlisted final three members as winner, first and second runners.

The event was successful in binding the soul, heart and emotions of the participants and audience and instrumental in expressing the feelings and ideas of the students. We would wish to express our heartfelt gratitude to all members of organizing committee, Principal, Heads of all departments, teaching and non-teaching faculty for the support we received due to which we were able to reach new heights. We hope that this support continues even in future which will strengthen our morals to be the pinnacle in cultural events.
