Anil.

Sree Vidyanikethan Engineering College.

Dear Anil Bijinepalli,

This is in reference to the Program (as defined in the Training Agreement) as per the Training Agreement signed on _____ between you (“Trainee” hereafter) and Infosys Limited (“Infosys” hereafter), a corporation organized and existing under the laws of India and having its primary place of business at Electronics City, Hosur Road, Bangalore 560 100, India. The details of the Program are as follows:

1. Program Date : **December 17, 2018**
2. Duration of the program : **16 Weeks**
3. Location : **Mysore, India**

Please note that you will be required to make your own arrangements for travel to Mysore (or any other Infosys location that may be communicated to you by designated Infosys personnel) and back to your university upon completion of the Program. Additionally, should you be required to travel between the Infosys offices located in different cities as part of your project, Infosys shall bear the cost of such travel. Your entitlements shall be communicated to you at that time.

A break-up of the benefits that you are eligible for is mentioned below:

Accommodation	Provided by the Company at no charge for the entire duration of the Program
Stipend	Rs.10,000/- per month

You would also be covered under the Personal Accident Insurance and Hospitalization Insurance of Infosys for the duration of your Program. If you require additional coverage, you would need to obtain this in your personal capacity.

If you are required to use the bus, library and fitness facilities (if any), you shall be provided access during the period of your Program in accordance with Infosys policies.

For the duration of the Program, you will be required to adhere to certain policies / practices that are applicable to employees of Infosys, including but not limited to the Trainee’s obligations as per the Training Agreement. Additionally, you may be required to sign agreements with Infosys, at the sole discretion of Infosys, relating to protection of Infosys confidential and proprietary information. Infosys disclaims all liability and responsibility for acts or omissions by you that are in violation of any law, guideline, rule or regulation.

 cid:image001.jpg@01D41779.2C644F00Dear **Jayavaram Deekshitha**,

Greetings from Cognizant!

We are glad to share the DATE OF JOINING INTIMATION MAILER with your Date of Joining and job location details.

Date: 11th July 2020 ; Job Location: Chennai

Due to current travel restriction and other parameters, your onboarding process will be virtual. Detailed steps about virtual onboarding process will be shared in a separate mail. You need not travel to the job location or any Cognizant office for onboarding or training or project work until further notice from us.

Agenda:

Day 1 : Document validation and Onboarding process via webex (video conferencing).

Day 2 onwards: Virtual Induction and Virtual Training / Virtual BU Project (Further details will be intimated on Day 1)

We request you to login to One Cognizant and accept your Date of joining (DOJ), complete the pre-joining forms & photo upload on or before 26th June 2020. Please ignore if you have already completed all the steps.

- The option to accept the DOJ in the 1C portal would be disabled one day prior to the DOJ. However, the earlier you accept, the faster will be your onboarding pass generation process. Kindly do not accept the DOJ more than once.
- Candidates who don't accept the DOJ within the timeline would not be considered for onboarding on the given DOJ & they would have to wait for further communication regarding the offer status.
- There is no option of deferring the date of joining or changing the joining location as it is based on the business requirement.

Onboarding Pass would be generated one day before your DOJ, only upon accepting DOJ & completing all the forms (including photo upload). Once the Onboarding Pass is ready, a mail notification would be triggered. Please wait for the mail; share the soft along with all other mandatory documents mentioned in the Date Intimation mailer.

Prior to Joining: You will receive a separate mail 3 days prior to your DOJ and you need to share below mandatory documents with us via mail to enable smooth onboarding.

Marksheets & Certificates (Soft Copy of Original or Photocopy)

For 2020 Batch pass outs

1. Latest Degree – Final 2 semester marksheet issued by the University. If University is yet to announce result or provide mark sheet, please have valid Annexure 3 document printed in appropriate bond paper. Annexure 3 will be shared in separate mail.

For 2019 and earlier Batch pass outs

1. UG-All Semester-wise marksheets or consolidated marksheet
5. UG-Provisional or Degree or Convocation certificate issued by the University (mandatory for both UG & PG recruits)
2. PG-All Semester-wise marksheets or consolidated marksheet (mandatory for PG recruits)
3. PG-Provisional or Degree or Convocation certificate issued by the University (mandatory for PG recruits only)

Government ID proofs (Soft Copy of Original or Photocopy of the document)

1. PAN Card (issued in your Jayavaram Deekshitha)
2. Valid Indian Passport (Front & Back) or Passport acknowledgement receipt with Appointment details generated post payment
3. Aadhaar Card (issued in your Jayavaram Deekshitha) or Aadhaar Card Enrollment Acknowledgement slip

Other Mandatory Documents

1. Onboarding Pass (Will be triggered 1 day prior DOJ)
2. Four passport-size color photographs

- If any of the above mandatory documents are not available, you would not be considered for onboarding and may not be onboarded due to insufficient documents.
- In case any of the original marksheets are lost and duplicate attested marksheets are available. Please share the FIR copy for the old marksheets as well as the duplicate attested copy.
- Please note that the offer letter will be declared invalid and treated as revoked in the event of any discrepancy in your records, documents and information that you have submitted to Cognizant.

.Please find attached FAQs. Kindly raise a query in the FAQ section of C2C portal <https://campus2cognizant.cognizant.com/Pages/PreLogin> for any queries/clarification.

Looking forward to your joining!

Regards,

Sai Durga Venkat Reddy Pulikunta,
Sree Vidyanikethan Engineering College, Tirupati

Dear Sai Durga,

We are pleased to offer you the position of **Software Engineer Intern** at TIVO Tech Private Limited (hereinafter referred to as TIVO or "Company") reporting to **Princy Goel, Manager, Software Development**. We hope you are excited about this opportunity as we are to have you on our team. The following is a summary of the terms & conditions of this offer, which will apply to your temporary internship with the Company.

Terms & Conditions:

The duration of your internship is from **Monday January 21, 2019 for 6 Months**. You will be paid a stipend of **Rs. 30000/-** per month. You will not be eligible for any other benefits of the organization.

Please note that Company will not be responsible for any personal/other liabilities in connection to the contract other than the stipend mentioned in this letter.

This letter confirms our understanding that you are not subject to any employment agreement or any other agreement that would preclude the Company from offering this position to you or preclude you from joining our Company in the position described above. This also confirms that you will not be asked to disclose to the Company any secrets or proprietary information from your prior places of employment.

You shall maintain total secrecy with regard to any confidential information pertaining to the Company and its customers and you shall not divulge it either during the internship or at any point following the internship. Additionally, as a pre-requisite for your internship, you will be required to execute TIVO's Proprietary Information, Inventions and Ethics Agreement and if requested by the Company, a non-compete agreement.

This letter of offer shall not be construed as creating or evidencing any separate or independent obligation of the Company or any other person or entity to hire or to retain you as its employee, consultant or otherwise for any specified period of time or to assign to you any particular duties or responsibilities. In accepting this offer, you agree that your internship at TIVO is at the mutual consent of you and TIVO and can be terminated at anytime for any reason by either party with or without cause by giving notice of two (2) Weeks.

Your work in the organization will be subject to the rules and regulations of the organization as laid down in relation to conduct, discipline and other matters. If any declaration given or information furnished by you to the Company proves to be false or if you are found to have willfully suppressed or concealed any material information, in such cases, you will be liable to removal from internship without any notice. Internship with the Company is for **6 Months** beginning on the **Monday January 21, 2019** and may only be extended if in writing signed by the Company.

At the time of joining, you would be required to bring and submit copies of mark sheets and certificates of Xth, XIIth and your previous semester marks cards.

This letter constitutes the entire agreement between you and TiVo and supersedes any and all prior agreements, statements or representations made between the parties regarding internship.

We take pleasure in welcoming you to our organization and sincerely hope that your period of internship with us will be pleasant and of mutual benefit.

We look forward to you joining the Company. Please indicate your acceptance of this offer by signing where indicated below and returning an executed copy of this offer to me at your earliest convenience.

Sincerely,
for TIVO Tech Private Limited

Dear Naresh S,

This is in reference to the Program (as defined in the Training Agreement) as per the Training Agreement signed on _____ between you ("Trainee" hereafter) and Infosys Limited ("Infosys" hereafter), a corporation organized and existing under the laws of India and having its primary place of business at Electronics City, Hosur Road, Bangalore 560 100, India. The details of the Program are as follows:

1. Program Date : December 17, 2018
2. Duration of the program : 16 Weeks
3. Location : Mysore, India

Please note that you will be required to make your own arrangements for travel to Mysore (or any other Infosys location that may be communicated to you by designated Infosys personnel) and back to your university upon completion of the Program. Additionally, should you be required to travel between the Infosys offices located in different cities as part of your project, Infosys shall bear the cost of such travel. Your entitlements shall be communicated to you at that time.

A break-up of the benefits that you are eligible for is mentioned below:

Accommodation	Provided by the Company at no charge for the entire duration of the Program
Stipend	Rs.10,000/- per month

You would also be covered under the Personal Accident Insurance and Hospitalization Insurance of Infosys for the duration of your Program. If you require additional coverage, you would need to obtain this in your personal capacity.

This is in reference to the Program (as defined in the Training Agreement) as per the Training Agreement signed on _____ between you ("Trainee" hereafter) and Infosys Limited ("Infosys" hereafter), a corporation organized and existing under the laws of India and having its primary place of business at Electronics City, Hosur Road, Bangalore 560 100, India. The details of the Program are as follows:

1. Program Date : **December 17, 2018**
2. Duration of the program : **16 Weeks**
3. Location : **Mysore, India**

Please note that you will be required to make your own arrangements for travel to Mysore (or any other Infosys location that may be communicated to you by designated Infosys personnel) and back to your university upon completion of the Program. Additionally, should you be required to travel between the Infosys offices located in different cities as part of your project, Infosys shall bear the cost of such travel. Your entitlements shall be communicated to you at that time.

A break-up of the benefits that you are eligible for is mentioned below:

Accommodation	Provided by the Company at no charge for the entire duration of the Program
Stipend	Rs.10,000/- per month

You would also be covered under the Personal Accident Insurance and Hospitalization Insurance of Infosys for the duration of your Program. If you require additional coverage, you would need to obtain this in your personal capacity.

If you are required to use the bus, library and fitness facilities (if any), you shall be provided access during the period of your Program in accordance with Infosys policies.

For the duration of the Program, you will be required to adhere to certain policies / practices that are applicable to employees of Infosys, including but not limited to the Trainee's obligations as per the Training Agreement. Additionally, you may be required to sign agreements with Infosys, at the sole discretion of Infosys, relating to protection of Infosys confidential and proprietary information. Infosys disclaims all liability and responsibility for acts or omissions by you that are in violation of any law, guideline, rule or regulation.

In particular we draw your attention to the following instructions that we ask you to please follow:

- If present, include Highlights and the Graphical Abstract in the reviewing process.
- Give specific comments and suggestions, including about layout and format, title, abstract, introduction, graphical abstracts and/or highlights, method, statistical errors, results, conclusion/discussion, language and references.
- If you suspect plagiarism, fraud or have other ethical concerns, raise your suspicions with the editor, providing as much detail as possible. Visit Elsevier's ethics site or the COPE guidelines for more information.
- According to COPE guidelines, reviewers must treat any manuscripts they are asked to review as confidential documents. Since peer review is confidential, they must not share the review or information about the review with anyone without the agreement of the editors and authors involved. This applies both during and after the publication process.
- Any suggestion that the author includes citations to reviewers' (or their associates') work must be for genuine scientific reasons and not with the intention of increasing reviewers' citation counts or enhancing the visibility of reviewers' work (or that of their associates).

You may submit your comments online at: http://www.evis.com/evis/faces/pages/navigation/NavController.jspx?JRNL_ACR=JKSUES. Please login as a Reviewer using your username and password.

If you cannot remember your password please click the "Forgotten your username or password?" link on the Login page.

You may access the manuscript by selecting the "Pending Assignments" link on your Home page. To submit your comments, please click on the "My Overall Recommendation". There you will find spaces for confidential comments to the editor, comments for the author and a report form to be completed.

Dear Dr. T Nageswara Prasad,

Greetings!

Sri Venkatesa Perumal College of Engineering and Technology, established in the year 2001, had an exponential growth in terms of courses offered and student intake. It is one of the top engineering colleges in Andhra Pradesh. The college has achieved many bench marks - Accreditation by NAAC and NBA, permanent affiliation by JNTUA, Ananthapur; very good academic and placement record.

The competencies of the management, talent pool of faculty, dynamic students and trust from the public propelled the college to achieve autonomy from UGC and JNTUA, Anantapur with effect from the academic year 2018-19 to exercise academic and operative freedom for doing better with renewed credibility.

As you are a distinguished academician/administrator with rich blend of experience and wisdom in Teaching and Research, the undersigned is pleased to nominate you as a member of the Academic Council of our college for a period of three years.

I, therefore, request you to kindly extend your valuable expert knowledge in guiding the college in furtherance of its excellence.

With warm regards,

Yours sincerely,

Dear Mrs. v,

Thank you for agreeing to review manuscript number ICTE_2020_115_R2 for ICT Express

If possible, we would appreciate receiving your review by 02/Nov/2020.

Please click [here](#) to read detailed instructions on how to conduct a review.

In particular we draw your attention to the following instructions that we ask you to please follow:

- If present, include Highlights and the Graphical Abstract in the reviewing process.
- Give specific comments and suggestions, including about layout and format, title, abstract, introduction, graphical abstracts and/or highlights, method, statistical errors, results, conclusion/discussion, language and references.
- If you suspect plagiarism, fraud or have other ethical concerns, raise your suspicions with the editor, providing as much detail as possible. Visit Elsevier's ethics site or the COPE guidelines for more information.
- According to COPE guidelines, reviewers must treat any manuscripts they are asked to review as confidential documents. Since peer review is confidential, they must not share the review or information about the review with anyone without the agreement of the editors and authors involved. This applies both during and after the publication process.
- Any suggestion that the author includes citations to reviewers' (or their associates') work must be for genuine scientific reasons and not with the intention of increasing reviewers' citation counts or enhancing the visibility of reviewers' work (or that of their associates).

You may submit your comments online at: http://www.evis.com/evis/faces/pages/navigation/NavController.jsp?JRNL_ACR=ICTE. Please login as a Reviewer using your username and password.

Dear Dr. Jyothsna Veeramreddy,

Ref: Article entitled "AD-C: A New Node Anomaly Detection based on Community Detection in Social Networks".

The above-mentioned article has been submitted to be considered for publication in the International Journal of Information and Computer Security (IJICS).

We would be pleased to receive your advice on the suitability and quality of the article for publication in the journal.

The review deadline is 30 September 2018.

We understand your heavy workload and other commitments, and would be very grateful if you let us know if you can help us this time.

IGI Global Journals Department

Opportunity to Become a Reviewer - IJISP

Dear Professor KASARAPU RAMANI,

I hope this email finds you well! I am contacting you regarding *International Journal of Information Security and Privacy*. Currently the Editor-in-Chief, as well as the publisher, are carefully selecting and approaching only the most credible researchers in the field in hopes that they might be interested in joining the Editorial Review Board of this highly-respected journal.

Individuals appointed to the review board of *IJISP* are performing an important and valuable job, assuring that the journal is being published with integrity and accuracy. Serving on a review board for a scholarly journal is a key step and significant contributing factor in your academic career progression. This responsibility increases visibility, as well as your knowledge of current and novel research in the field.

Given your expertise and your contributions to the field at large, I would like to invite you to apply. This publication is already attracting quite a bit of attention, as it contains very strong, progressive content and has been abstracted and indexed in a number of prestigious lists, including but not limited to: ISI/PECI, Google Scholar, etc.

Additional details about this journal, including its current call for papers, can be found on its website here: <https://www.igi-global.com/journal/international-journal-information-security-privacy/1056>. Accepted applicants will be appointed to the board as ad-hoc reviewers on a trial basis. Upon completion of 2-3 manuscript evaluations, ad-hoc reviewers will have the opportunity to be considered for appointment as a full member of the Editorial Review Board.

If you are interested in becoming a reviewer for the *International Journal of Information Security and Privacy*, please submit your application here: <http://www.igi-global.com/journals/become-a-reviewer/>. Applicants will be reviewed on a first-come-first-served basis.

If you have any questions or concerns, please do not hesitate to contact me at journal-editor@igi-global.com. Thank you very much for your consideration of this invitation, and I hope to hear from you soon!

Sincerely,
Kayla Bishard

IGI Global Journal Submission System

Editorial Discovery
Supporting Your Editorial Experience

Dear Dr. RAMANI,

Thank you for your ongoing contributions to IGI Global. Your expert opinion is greatly valued for the review of the manuscript, "Secure Exchange and Efectual Verification of Educational Academic Records Using Hyperledger Fabric Blockchain System," which has been submitted to the *International Journal of Information Security and Privacy (IJISP)*. Here is the abstract for the manuscript:

Fake certificates pose a serious problem in today's world, not only do they touch the false skillset of an individual but also puts the reputation of an organization at risk. Moreover, the verification process being centralized is often too cumbersome and time consuming for the end-user. Lack of transparency in the issuance of certificates in the educational institutions as well as Blockchain is a promising technology that provides transparent, secure, and reliable solutions to education sector. This paper provides the solution to the educational certification problem by employing the blockchain network. The proposed work is a permissioned blockchain network, which is implemented in hyperledger fabric that provides the various services to educational institutions, which ensures transparency, immutability, trust and ease of use to all participants by eliminating the requirement of a trusted third party in the network. Hence, this proposed network works as keeper of trust that allows only verified users to be members of the network, which can protect the recipient data from malicious users.

Please kindly keep in mind that from time-to-time you will likely be assigned manuscripts that do not 100% align with your current research interests, but as an appointed reviewer of *IJISP* we expect and appreciate your willingness to evaluate the manuscript based on its adherence to the overall mission, scope, and coverage of the journal.

Dear Dr. M,

Manuscript ID CAE-19-134 entitled "Computational simulation and experimental validation of an engineering problem: A case study on heat transfer in Cylindrical fin with Phase change material" by R, Prithvi Raj; M.P, Midhun; D, Prakash has been submitted to Computer Applications in Engineering Education.

I would like to invite you to review this manuscript. The abstract appears at the end of this letter, along with the names of the authors. Please let me know within a few days if you will be able to review this paper. If you are unable to review the paper, would you please take a moment and recommend one or two other possible referees with expertise in this area.

Please note that CAE is the premier journal in education technologies, and as a result only papers with significant original and well documented contributions may be recommended for publication.

If you do choose to review this manuscript, I will contact you via email with instructions for accessing Manuscript Central, our online manuscript submission and review system. You will then have access to the manuscript and reviewer instructions in your Reviewer Center. Please try to complete your review within 2 weeks.

*** PLEASE NOTE: This is a two-step process. After clicking on the link, you will be directed to a webpage to confirm. ***

Dear Dr. Binoj J s:

The paper "Reliability of Empirical Equations to Estimate Mechanical Properties of Sedimentary Rocks using Ultrasonic Pulse Velocity (UPV)" has been submitted to **Fifth International Engineering Conference on Developments in Civil & Computer Engineering Applications 2019**. It has the following abstract:

Sedimentary rocks were formed by the deposition and subsequent cementation of that material at the Earth's surface and within bodies of water. The uniaxial compressive strength (UCS) and Young's modulus (E) of sedimentary rocks are the most significant geotechnical parameters for rock classifications and the stability analysis of surface and underground structures. The uniaxial compressive strength and Young's modulus can be predicted using a non-destructive method such as the ultrasonic pulse velocity (UPV) test. Many empirical equations have been proposed by researchers to predict these parameters; however, the reliability of those equations has not been studied yet according to the authors' knowledge. This study aims to find out the most reliable empirical equation to predict the UCS and E from UPV for sedimentary rocks. The reliability of empirical equation was studied using statistical analysis of data that were collected from previous studies. In this study, the most reliable empirical equations to predict the UCS and E from UPV for sedimentary rocks has been found based on R2 and RMSE.

We glad to inform you that the Department of Mechanical Engineering is organizing an International Conference “**ADVANCES IN MECHANICAL ENGINEERING AND RESEARCH**” “**ICAMER 2019**” on 5th & 6th April 2019. .

The conference aims to provide a forum to disseminate the research work of academicians, scientists and industrial practitioners in the fields of Materials, Design, Manufacturing, Thermal, Marine, Automobile and Industrial engineering in the global phase.

We would be honored to have you as a **Chair for Technical Session** on 5th & 6th April 2019. On behalf we are expecting you as a keynote speaker for a session on 4th April 2019. We look forward to your early confirmation so as to enable us to make arrangements for your presence on the day of conference. Thank you again for the cooperation and we are looking forward to meeting you in our campus soon.

About Thiruvananthapuram

Thiruvnanthapuram is a major tourist hub in India. Kovalam and Varkala are popular beach towns located near the city. Other important beaches include Poovar, Shankumugham Beach, Vizhinjam Beach and Veli Beach. The Padmanabhaswamy Temple is one of the richest temples in the world. Other places of interest include Agasthyamala rain forests, Neyyar Wildlife Sanctuary, Kallar, Braemore, Ponmudi hills and Kappil Edava lakes. The city is known for its unique style of architecture involving Kerala Architecture with British and Dravidian influences. Napier museum, Zoo, Kuthira Malika palace, Kilimanoor palace and The Trivandrum Golf Club heritage building are examples for this. The main museums include Kerala Science and Technology Museum, Napier Museum, Kerala Soil Museum and Koyikkal Palace Museum. Agasthyamala Biosphere Reserve is listed in UNESCO's World Network of Biosphere Reserves.

Dear Dr Parthasarathy,

TITLE: Tailoring the nanostructures of electrochemical actuators for fast response and large deformation
AUTHORS: Ji, Liang; Yu, Yiwen; Deng, Qian; Shen, Shengping
(See below for abstract and previous reviewer reports)

I invite you to re-review this manuscript, which has been re-submitted for publication in Nanoscale, published by the Royal Society of Chemistry. Based on the previous reviewer reports the manuscript was not recommended for publication. The authors were asked to revise their manuscript and have now re-submitted a new version for publication in Nanoscale.

Please advise whether your original concerns, and those of the other reviewers (reports copied below), have been satisfactorily addressed and whether this work is now suitable for publication in Nanoscale. Thank you in advance for taking the time to look at this work again.

At Nanoscale we aim to provide a rapid service for our authors. Therefore, please respond to this invitation by clicking on the appropriate link below within 3 days of receiving this email, and provide your report within 14 days of agreeing (10 days for communications and 14 days for reviews). If you need longer to provide your report please let me know. If you are unable to review at this time, I would be grateful if you could recommend another expert reviewer.

*** PLEASE NOTE: This is a two-step process. After clicking on the link, you will be directed to a webpage to confirm. ***

Once you accept the invitation to review this manuscript, you will receive a second email giving you access to the manuscript and our reviewer guidelines.

When the Editor makes a decision on this manuscript you will receive an email informing you of the outcome, providing copies of all reviewer reports received. By submitting a report you consent to the content of your report being shared with the other reviewers of this manuscript.

Please read our Ethical Guidelines which contain full information on the responsibilities of editors, reviewers and authors:

<http://www.rsc.org/Publishing/Journals/guidelines/EthicalGuidelines/EthicalGuidelinesandConflictOfInterest/index.asp>

Please note that:

- your anonymity as a reviewer will be strictly preserved;
- you have the responsibility to treat the manuscript and any communications on the manuscript as confidential;
- the manuscript (or its existence) should not be shown to, disclosed to, or discussed with others, except in special cases, where specific scientific advice may be sought. In this event, please contact me with the names of those you have consulted;
- you should contact me immediately to report any conflict of interest, or suspicion of duplicate publication, fabrication of data or plagiarism;
- if you suggest additional references for the authors to cite, you should provide a specific reason to support each of these. This is particularly important if these citations include your own work.

Nanoscale is collaborating with Publons to give you more recognition for your peer review contributions. On Publons you

ABOUT THE COLLEGE

St. Peter's College of Engineering and Technology is managed by Lakshmi Saraswati Educational Trust. It was started in the year 2008. The College is affiliated to Anna University, Chennai and approved by the All India Council for Technical Education (AICTE), New Delhi. The college is offering the following programs:

- + B.E. (Civil Engineering)
- + B.E. (Mechanical Engineering)
- + B.E. (Computer Science and Engineering)
- + B.E. (Electronics and Communication Engineering)
- + B.E. (Electrical and Electronics Engineering)
- + B.E. (Aeronautical Engineering)
- + B.Tech. (Information Technology)
- + B.Tech. (Chemical Engineering)
- + B.Tech. (Bio - Technology)
- + M.B.A.
- + M.E. (Structural Engineering)
- + M.E. (Engineering Design)
- + M.E. (Applied Electronics)
- + M.E. (Computer Science and Engineering)

The College is located in a serene environment in Vadi. There are many industries in and around the college including one of the largest industrial estates in Ambattur. The college is easily commutable by bus and train. The Annamur railway station is on the Chennai - Tiruvallur broad gauge section which is just 1½ km from our college. The college also runs buses from different parts of the city for the benefit of the students. Separate hostel facilities are available for boys and girls. Limited accommodation is also available for Guests. The College aims to develop into a top class professional institution in the years to come, providing training to students to take up challenging assignments and contribute to national and international development.

ABOUT THE CONFERENCE

Environmental resource management is "a purposeful activity with the goal to maintain and improve the state of an environmental resource affected by human activities". Environmental resources management aims to ensure that ecosystem services are protected and maintained for equitable use by future human generations and also maintain ecosystem integrity. Harmony between man and environment is the essence of healthy life and growth. Therefore, maintenance of ecological balance and a pristine environment has been of utmost importance. The essential aspects of environmental resource management are Ethical, Economical, Scientific (ecological), Social and Technological advancements which provide for formulation of principles and help in making decisions.

The scientific and technical nature makes environmental resource management profession to operate in a humanistic and rational mode in the world with green technology. Engineers are also finding ways to reduce emissions from vehicles, power plants and various other means and clean up toxic-waste sites. Efforts are guided by environmental law, regulators and public health concerns.
