DEPARTMENT OF CIVIL ENGINEERING

**A Six Day Workshop on “Architectural Modeling using Revit”
22–27 March 2021**

Convener: *Prof. O. Eswara Reddy*

Coordinator: *Mr. M. P. Charan Sai*

The **Department of Civil Engineering** of Sree Vidyanikethan Engineering College has organized a Six Day Workshop on “**Architectural Modeling using Revit**” in association with **Andhra Pradesh State Skill Development Corporation (APSSDC)** sponsored by **Department of Placement and Training** of Sree Vidyanikethan Engineering College during **22–27 March 2021** at CAD Lab, Department of Civil Engineering. The main objective of the workshop is to implement a structured and pragmatic solution to skill & up-skill III B.Tech. II Semester Civil Engineering Students of Sree Vidyanikethan Engineering College, through a specially designed courseware of Revit Architecture for better structural modeling consequently increasing the employability, promoting entrepreneurship in sync with rapid industrial growth. A team of four trainers **Ms. S. Juberia**, **Ms. P. Nandini**, **Mr. V. Bramhesh** and **Mr. K. Srikanth** who are professionally eminent in Revit software were deputed by APSSDC for the Six Day Workshop.

The target is to nurture the registered **109 students of III B.Tech. II Semester Civil Engineering** by meeting skilled human resource demands of industries and shape them as a skilled-workforce. **Prof. O. Eswara Reddy**, HOD and BOS Chairman, Department of Civil Engineering, **Mr. M. P. Charan Sai**, Assistant Professor and PAT Coordinator, **Dr. K. Delhi Babu**, Dean Placements and APSSDC Trainer team graced the inaugural of Six Day Workshop while addressing the gathering. During the training sessions, trainers shared their rich knowledge and skills in the field of Revit Architecture software with all the participants emphasizing

skills in the field of Revit Architecture software with all the participants emphasizing on enhancing the skill-set of students. Trainers handled a lot of practice sessions in various subdivisions of software and trained the students. In addition, trainers interacted with the students during both training and practice sessions clarifying various queries of participants.

On the whole, the workshop has proved successful and it was very informative. This Workshop is a way of enriching our students with the latest developments in Civil Engineering by eminent trainers within and beyond curriculum. The students will be enriched with knowledge in latest version of Revit Architecture software. On top of that, students will have a great exposure to various industrial software demands such that they can enhance their skills to meet such industrial requirements and get better placements.

The photographs of the session of the program are as follows.
