One Day Online Guest Lecture on

"HOW TO FILE A PATENT"

The main purpose of patent system is to encourage innovation and eventually results in technological development. The present Patents Act, 1970 came into force in the year 1972, amending and incorporating the existing laws relating to Patents and Designs act 1911 in India.

A patent provides a right to an inventor(s) to exclude others from exploiting the patented invention. Therefore, other than the inventor cannot use, make or sell the patented invention without permission from the inventor. This is often referred to as the exclusive right of the invention. With this objective, an online guest lecture on "How to file a patent" was organized in the department on 07th JULY 2020. Mr. Balaji Devarajan, IP Consultant at Kama Ayurveda Chennai, India was the resource person. The program started with the felicitation to the speaker Mr. Balaji Devarajan.

Mr. Balaji Devarajan presented a lecture on "How to file a patent" in which he explained the importance of patent filing, types of patent principles, one case study with example.

Dr. K.C. VARAPRASAD
