One Day Seminar on
"Research Opportunities in INDIA"
(Under IPR Cell)

A one day seminar on "Research Opportunities in India" was organized by the department of Information Technology, Sree Vidyanikethan Engineering College, A.Rangampet. The program was organized on December 30th 2020 under IPR Cell. About 45 faculty members of SVEC are actively participated and gained useful information from the session.

A one day Seminar on Research Opportunities in India was inaugurated by Dr.P.C Krishnamachary, Principal at 11.00AM in Dasari Auditorium. The seminar was delivered by Prof.Rajasimha A Makaram, Associate Director, Faculty of Engineering and Technology, Jain University. The seminar gave good understanding of the present opportunities that are present in India in Research and how can we get maximum benefits.

Prof. Rajasimha A Makaram and other dignitaries @ the seminar

It also provided many aspects of the Research that is going in India, which help the faculty in gaining the knowledge for a fruitful career in research the first and essential thing required is the mindset. With respect to research outcomes quality is more important than the quantity. The teachers must keep abreast of the changes that are happening in the field of education especially in the backdrop of implementing the New Education Policy 2020.

Outcome:

- Gain the knowledge on research methodology to formulate the hypothesis and challenges in various interdisciplinary areas related to Computer Science and Engineering.
