"An interactive session on Employability Skills"
(08th June, 2016)

Mr. Devanshu Mehta, Location Campus Manager, Wipro Technologies, Hyderabad, addressed the students of IV B. Tech and II MCA on "Employability Skills" - The implementation of employability skills in the instructional process.

In his seminar **Mr. Devanshu Mehta** claimed the need for qualified human resources with high competitiveness and employability skills to meet the dynamic changes in IT sector, highlighted that due to inadequate skills and lack of self-learning among job seekers is affecting the individuals and not meeting the needs of the Organization.

He emphasizes the challenges that freshers are facing in the industry and how to balance the work-life and personal life. How the new technological disruptions are enabling new businesses and opportunities to meet the global demand which has scope for creating more jobs.

At the end of the session **Mr. Devanshu Mehta** explained about the upcoming Wipro Recruitment process for UG and PG. Students actively interacted with the speaker and clarified their doubts regarding the expectations from the industry and recruitment procedure.

“SKILL UPGRADATION & EMPLOYABILITY FACILITATION”

19th July, 2016

The Government of Andhra Pradesh has launched an Employability Skill Development program to enhance the employability skills of students and prepare the workforce to face and overcome the 21st century challenges through Andhra Pradesh State Skills Development Corporation (APSSDC).

Department of Mechanical Engineering, Sree Vidyanikethan Engineering College organized an expert talk on **“SKILL UPGRADATION & EMPLOYABILITY FACILITATION” in association with Andhra Pradesh State Skill Development Corporation (APSSDC).** The program was aimed at enhancing the skills and capabilities of workforce of the Engineering students in various sectors like technical and managerial particularly in critical and essential fields such as the Electrical, Electronics, Telecommunication, Information Technology, Industrial design and Manufacturing, Automotive, handicrafts, Agricultural, trading and in soft skills.

Dr.K.Lakshmi Narayana, the former IAS officer, Founder and Director, APSSDC was invited as a Chief Guest and he addressed the students. During the talk, Dr.Lakshmi Narayana emphasized on the need of skills to be upgraded among the engineers and retraining the quality of the workforce in order to increase the efficiency of the State and in self adapting to the dynamic business environment.

Dr.K.Lakshmi Narayana also enlightened the students thoughts with various live examples and also conveyed that, the Government is looking at the broad implementation of digital technologies across various dimensions of the society and is trying to catch up with Internet-of-Things (IoT), Big data, 3D printers and Additive manufacturing, and sharing economy, in which people and firms conduct business via these digital platforms. And also Dr.Narayana proposed that, in the upcoming days, an idea of digital market would help state government to increase its output. He also informed that the government now is being spending in the infrastructure building and capacity building which contribute for a large source of employment generation.

Dr.Narayana also indicated that the State has been rendering their attention in digital education system, promotion of entrepreneurial development and development of digital workforce in order to make the citizens of the country economy successful.

In his address Dr.Laksmi Narayana suggested all The Universities and Engineering colleges that, they should bridge the gap between **where we are** and **where we want to go?** and strive hard towards making the vision of the student to reality.

He also suggested that, the colleges in the state providing professional degrees should meet the following:

- Every educational institution must create effective training and thorough learning environment in the campus.
- Educational institutions should Provide continued access to facilities round the clock to the students
- Institutions must create residential attitudes among students and staff.
- Educational institutions must initiate to encourage the staff and students to participate in groups
- Institutions must frame and provide hierarchy of trainers.
- Institutions should frame a modern society through social need education.

Further, in his talk he discussed on the students enrollment for the professional courses. The students who contribute to the majority of our workforce can take up the responsibility and nurture the skills required to compete in the global market. To achieve the status as fully developed state the workforce should primarily adapt to:

- Critical thinking and problem solving ability
- Communication skill
- Collaboration
- Creative thinking
- Courage

Dr.Narayana, informed that, the student community should voluntarily take up various roles as innovators and mentors in transforming our tier II/III cities and remote villages into smart cities and smart villages and help Indian GDP to grow.

Dr.K. Lakshmi Narayana distinguished 20th century and 21st century students, through achievement's, thoughts, goal etc. He shared about the future course of action to be taken to impart good quality technical and employability education.

**SKILL AND PERSONALITY DEVELOPMENT
PROGRAMME CENTRE FOR SC/ST STUDENTS (SPDP)**

**A Report on Expert Talk
'PERSONALITY DEVELOPMENT'**

Under All India Council for Technical Education (AICTE), New Delhi

20th September, 2017

Skill and Personality Development Center for SC/ST students granted by All India Council for Technical Education (AICTE), New Delhi was established at Sree Vidyanikethan Engineering with an objective to provide opportunity to SC/ST students to reorient themselves in the light of emerging employment opportunities. The centre empowers the Scheduled Caste (SC) and Scheduled Tribe (ST) candidates with additional requisite skills along with academics. It strives to enhance the skills of SC and ST students with the help of modules on communication, personality development and proficiency in English language. The trainings boost the confidence of SC and ST students, paving way for their career opportunities. This results in increase in their employability

Under this centre, an expert talk was organized for the SC/ST students of all the branches of Sree Vidyanikethan Engineering College on 20th September, 2017 on "PERSONALITY DEVELOPMENT".

Sri. Murali Naidu Garu, Vice President of VDM-India on the Move motivated the students on 'Positive Thinking'. In his lecture, he mentioned that positive thinking is a mental attitude which expects good and favorable results. In other words, positive thinking is the process of creating thoughts that create and transform energy into reality. A positive mind waits for happiness, health and a happy ending in any situation. A person who faces life with a positive attitude will

always be more successful in life both professionally and personally, than a person who cannot take control of his thoughts. He also gave suggestions to improve positive thinking capability. He interacted with the students on career building aspects.

Sri. Acharya Ajit Kumar delivering lecture

Sri. Murali Naidu delivering lecture

Sri. Acharya Ajit Kumar Garu, Founder Chairman of VDM-India on the Move familiarized participants with the emerging ideas and trends on how to develop personality in the 21st century contexts. He taught participants to work with various professionals, people and groups to understand the meaning of life and work in the present context and suggested that the students enhance their communication and interpersonal skills in order to function in professional and social settings effectively. It is important to have effective planning, time management and goal setting to achieve personal and professional growth.

Mr. Bhagath Kumar, Youth Coordinator, VDM IOM provided technical support for the programme.

The students got enriched by the interaction with the resource persons. Their knowledge and experience were helpful in improving the interpersonal skills of the students.

A REPORT
ON
AWARENESS PROGRAM ON OVERSEAS STUDIES
(EXPERT TALK)
11th April, 2017

An awareness program on overseas education is organized for the students of Mechanical Engineering on 11th April, 2017. Sri. V. Praveen Kumar Reddy, Director, Overseas Study Consultants Pvt. Ltd., Hyderabad created awareness and inspired students regarding the importance of overseas education.

The outcome of the program was to create awareness and encourage students who aspire to continue higher education in abroad after their graduation.

Sri. V. Praveen Kumar Reddy, Director, Overseas Study Consultants Pvt. Ltd., Hyderabad

International study provides a wonderful opportunity for all students to gain a new perspective on the impact of a different culture on them, both in relation to their own identities and the identities of their peers on the program. Certainly, an international study experience enlarges their knowledge of the world. However, in today's increasingly competitive global economy, an international education experience must provide more concrete benefit for a student who will need to embrace the changing world that awaits post-graduation.

Sri Praveen Kumar Reddy emphasized that in the increasingly global marketplace, an international education experience can be more relevant than ever to a post-college career. Such an experience has the potential to alter students' lives by influencing their professional choices and by preparing them for the many challenges they will face in the current, rapidly changing global economy.

Students of Mechanical Engineering benefitted a lot by listening to the lecture and interacted with the resource person about the ways to approach universities, GRE, TOEFL, IELTS scores, scholarships and career opportunities.

The lecture helped to clarify the ambiguity of the students hoping to pursue higher education in abroad. Lot of academic benefits pertaining to personal growth, gaining of valuable life skills, strengthening the leadership skills, broadening the world view and advancement in career.

A REPORT ON “CHALLENGES AND OPPORTUNITIES IN THERMAL POWER SECTOR” (EXPERT LECTURE)

27th April, 2017

Today there is pressure on thermal power generation due to Government of India's emphasis on clean energy production such as solar power, hydro power, wind power and nuclear power. This is a transition time to migrate from thermal power generation to environmental friendly clean power generation. *Dr.K.Dakshina Moorthy, Director-Administration* clearly presented the power scenario, problems and challenges in India.

Indian Energy sector has consistently adopted relevant global trends to support sustainable growth in Indian economy. The increasing maturing of the sector is evidenced by adoption and indigenization of new technologies across the energy sector in general and power sector in particular.

Of late, the sector has grappled with new challenges which have arisen out of rapid growth of the sector. Some of these challenges will be overcome relatively quickly; some will require all the resourcefulness and intellect to convert them into promising opportunities for future.

The Indian power sector has achieved a lot over the last decade in the areas of policy reforms, private sector participation in generation and transmission, new manufacturing technology and capabilities, but there is still much to achieve and a number of challenges to overcome before the opportunities can be leveraged.

Strong growth in generation capacity led by per capita consumption, urbanization, there is strong growth opportunity in power generation led by exponential growth in economy, increasing propensity for electricity consumption

and urbanization. India has made considerable progress in building up capability and uncovering opportunities for capacity additions.

Dr. Dakshinamurthy highlighted that there are lot many career opportunities in the thermal power sector such as

- Design Engineers
- Planning Engineers
- Manufacturing Engineers
- Sales Engineers
- Procurement Engineers
- Assessment Engineers
- Testing Engineers
- Erection Engineers
- Commissioning Engineers
- Operation Engineers
- Maintenance Engineers

Students of Mechanical Engineering benefitted a lot by listening to the lecture and interacted with the resource person about the key challenges in the power sector and growth with respect to the career aspect.
