Dear PNagaraju Mandadi,

I'm am pleased to tell you that the Sree Vidyanikethan Engineering College Student Branch at Hyderabad Section already
exists. I have updated our records to reflect your leadership.

Your Student Branch is located in Region 10 and your activities will be of interest to the volunteers listed below:

Toshio Fukuda, Region 10 Director
Om Perkash Batra, Region 10 Student Activities Chair
Pasan Pethiyagode, Region 10 Student Representative
Srinivas Koduri, Hyderabad Section Chair
VI.   A YELLASIRI, Hyderabad Section Student Activities Chair

Please do not hesitate to contact them for assistance and information on local IEEE activities. Your Student Branch code is
STB62331 and your School Code is 60015042. Please be sure to use them on all correspondence and reporting forms. To
ensure that the students are properly assigned to your Student Branch, they should join IEEE online at
http://www.ieee.org/join and use the school search to find the school name Sree Vidyanikethan Eng College.

Start an ACM Student Chapter at Your School

Take initiative and start an ACM Student Chapter at your school today! A Student chapter serves as a gateway to forums, panel discussions, and symposia that further your professional development. Preparation and presentation of technical reports and papers and cooperative efforts on research projects allow students to test their technical expertise. Benefits include scholarship and recognition programs as well as access to the ACM Distinguished Speakers Program, one of the premier technology outreach programs in the computing industry! Learn how you can start a Student Chapter in 4 easy steps and get more info at http://www.acm.org/chapters/students.

Complimentary Access to Safari Books Online Through May 31

From now through **May 31, 2014** ACM is pleased to extend complimentary access to our custom collection of Safari Books Online books and videos for all Student Members. Use your ACM Student Member account to log into Safari via the ACM Learning Center (clicking the Safari link in the top right corner) or through myACM (clicking the Safari Books link in the left sidebar navigation).

Normally available only to ACM Professional Members, our custom collection of Safari titles includes 700 books and videos on the latest topics and skill areas in computing, including authoritative texts as well as coverage of fast-developing and emerging technologies. You can find the most recently added Safari titles here. And check out our full e-book library.

New Morgan Kaufmann and Syngress Ebook Titles

ACM's ebook collection now contains 225 titles from publishers Morgan Kaufmann (MK) and Syngress, with greater and fresher coverage of the most bleeding- and cutting-edge topics in computing, such as Big Data, Cybersecurity, Human-Computer Interaction, Parallel Computing, and more. All books are available in PDF (and some in ePub) and are downloadable to your desktop, laptop, tablet, and any popular ebook reader on your mobile device. All ACM members (Student and Professional) can access them through the ACM Learning Center ebook catalog as well as the ACM Digital Library.

2014 ACM-ICPC

Is your school participating in the ACM-ICPC? The contest is a multitier, team-based programming competition that involves a global network of universities hosting regional competitions that advance teams to the ACM-ICPC World Finals. Participation has grown to several tens of thousands of the finest students and faculty in computing disciplines at almost 2,000 universities from over 80 countries on six continents. The contest fosters creativity, teamwork, and innovation in building new software programs, and enables students to test their ability to perform under pressure. It is the oldest, largest, and most prestigious programming contest in the world. Ural Federal University is hosting the 2014 ACM-ICPC World Finals June 22-26 in Ekaterinburg, Russia.

Student Research Competition (SRC)

The ACM Student Research Competition (SRC), sponsored by Microsoft, is an internationally recognized venue enabling undergraduate and graduate students to experience the research world—for many undergraduates this is a first! The SRC is a unique opportunity to:

- Share research results and exchange ideas with other students, judges, and conference attendees
- Rub shoulders with academic and industry luminaries
- Understand the practical applications of research
- Perfect your communication skills
- Win prizes and gain recognition from ACM and the greater computing community

The most recent SRC winners presented at SIGCSE 2014 (Computer Science Education) in Atlanta, GA in March 2014. In the Graduate category, 1st place went to Zalia Shams, Virginia Tech for "Evaluating Quality of Student-Written Tests." 2nd place went to Amber Wagner, University of Alabama for "Myna: A VUI for Programming by Voice." And 3rd place went to Michael Whitney, University of North Carolina, Charlotte for "Secure Coding Integrative Touchpoint Model." In the Undergraduate category, 1st place went to John Hirdt,

t. Joseph's College for "Network Analysis of Nuclear Databases." 2nd place went to Gill Rusak, Siena College for "Properties of Twitter Network Communications among Teenagers." 3rd place went to Patrick D'Errico, The College of New Jersey for "BookNav: A System for Accessible Indoor Navigation on Mobile Android Devices."

The next open call for submissions is for SIGGRAPH 2014 (Computer Graphics and Interactive Techniques), June 10-13, 2014, with a deadline of **May 6, 2014**. See all open calls for submission here. More information at http://src.acm.org.

ACM-IEEE CS George Michael Memorial Fellowship

The ACM/IEEE CS George Michael Memorial HPC Fellowship is now open for submissions from exceptional PhD students throughout the world whose research focus is on high-performance computing applications, networking, storage, or large-scale data analysis using the most powerful computers that are currently available. Recipients receive a $5,000 honorarium, travel and registration for SC14, and recognition at the SC14 Awards Ceremony. Submissions are due **May 1**.

Do You Have a Mentor Yet?

ACM partners with MentorNet to develop e-mentoring relationships between students (protégés) and professionals (mentors). Founded in 1997, MentorNet now boasts 30,000 mentor/protégé relationships that encourage and inspire students considering careers in STEM (science, technology, engineering, and math). Students gain valuable career advice, encouragement and support from professionals who lend their expertise by helping to educate and inspire young professionals. Protégés are matched in one-on-one email relationships with mentors—from industry, academia, and government—who have relevant experience in the appropriate technology, engineering, and scientific fields.

Check out MentorNet's newly redesigned website at http://www.mentornet.net/.

ACM Student Members can participate as protégés if they are undergraduates, graduates, post-doctoral students, or untenured faculty. For more information, go to: http://www.acm.org/membership/membership/student/mentornet.

Site Links Students to Grad School Application Info, Summer Research Opportunities in CS

The Computing Community Consortium (CCC), a committee of the Computing Research Association (CRA), offers a unique website for undergraduates in computing fields hoping to learn more about summer research opportunities as well as the process for applying to graduate school in computer science. Please visit the site at http://cra.org/ccc/, where you'll find:

- A section on what graduate school in computer science is all about (including frequently-asked-questions with answers by current graduate students and faculty).
- Information, advice, and insights on how to apply to graduate school in computer science (including another set of FAQs with answers by students who have just been through the process, as well as faculty).

Free ACM Student Materials

Faculty members can order complimentary ACM materials for distribution to students interested in the computing field. Items include ACM student membership brochures and posters, as well as flyers featuring ACM's Digital Library, Code of Ethics, and student chapters, among others. Place your order using our easy online form and we will fulfill your request promptly! To order free ACM student membership materials go to http://campus.acm.org/public/brochures/sb_control.cfm?refpg=f.

Apply for N²Women Fellowship to Attend Conferences

Networking Networking Women (N² Women) is a discipline-specific community for researchers in the communications and networking research fields, fostering connections among under-represented women in computer networking and related research fields. The group offers fellowships covering travel costs for female graduate students planning to attend premier technical conferences in networking and communications. In exchange, the students help organize the N² Women meeting at the conferences. Funding is provided by ACM SIGMOBILE, HP Labs, and Microsoft Research, and will partially cover a student's travel cost (up to $500) to an event where an N² Women meeting is held. Please click on the Fellowships link of the website for a complete listing of opportunities and deadlines.

ACM-W Student Scholarships for Attendance at Research Conferences

ACM-W provides support for women undergraduate and graduate students in Computer Science and related programs to attend research conferences. This exposure to the CS research world can encourage a student to continue on to the next level (Undergraduate to Graduate, Masters to Ph.D., Ph.D. to an industry or academic position). The student does not have to present a paper at the conference she attends.

The ACM-W scholarships are divided between scholarships of up to $600 for intra-continental conference travel, and scholarships of up to $1200 for intercontinental conference travel. Scholarship applications are evaluated in 6 groups each year, in order to distribute awards across a range of conferences.

ACM-W encourages the student's home department to match the scholarship award and recognize the student's achievement locally within their department. In addition, if the award is for attendance at one of several ACM special interest group conferences (SIGACCESS, SIGACT, SIGARCH, SIGCOMM, SIGCHI, SIGCSE, SIGDA, SIGECOM,

SIGEVO, SIGGRAPH, SIGHPC, SIGIR, SIGITE, SIGMM, SIGMOBILE, SIGOPS, SIGPLAN, and SIGSOFT) the SIG will provide complementary conference registration and a mentor during the conference. The number of free registrations available varies from SIG to SIG.

The next application deadline is **April 15, 2014**. For application forms, notification dates, and more information, please visit http://women.acm.org/scholarship.

2013-2014 Ambassadors for ACM Program

The Ambassadors for ACM program rewards ACM members like you for encouraging new members to join. Your first-hand experience with ACM's valuable career development and continuous learning programs makes you a perfect envoy to share your ACM experiences with prospective members. Please consider becoming an Ambassador for ACM. The 2013-2014 Ambassadors for ACM program is underway, with opportunities for you to earn new prizes, rewards and bonus gifts with each referral. The top two recruiters will receive a Grand Prize.

With access to Communications of the ACM, eBooks and videos, a new streamlined courses program for online learning, and the Digital Library, ACM offers more tools than ever to empower members to succeed in their chosen fields. Please share this news with friends and colleagues.

For more information, as well as recruitment membership applications, visit the Ambassadors for ACM site: http://campus.acm.org/public/mgm/index.html.

Book a Distinguished Speaker for Your School

ACM provides colleges and universities with direct access to top technology leaders and innovators from nearly every sector of the computing industry. Book the speaker for your next event through the ACM Distinguished Speaker Program (DSP) and deliver compelling and insightful content to your audience. Our program features renowned thought leaders in academia, industry and government, speaking about the most important topics in the computing and IT world today, especially those relevant to your student chapter. (However, you *don't have to be a student chapter* to request a speaker.) Visit http://dsp.acm.org/ for more information. **Site info is now available in French, German, Russian, and Spanish!**

Subject: Sree Vidyanikethan Engineering College Statement of Intent

The Committee on Student Members has reviewed your Statement of Intent and has this feedback:

- Great amount of activities overall.
- Field trips and site trips are great to see on your list.
- Caution on the "Expert Lecture" counting towards a ASCE function, since it seems as though they are already directly associated with a curriculum course.; Good variation in subject topics though.
- Suggest finding an activity that could directly expose the student to the India Section leadership.
- Suggest creating a meeting or activity that could include collaboration with other university organizations.
- Suggest creating meetings that include student presentations, to give them experience to public speaking.

Ideally, your plan should include a variety of activities, such as:

Activity	Suggested Number
Professional meetings with an invited speaker	4
Student talks or papers presented	2
Field Trips	2
Social Functions	2
Officer planning meetings	5
Collaborate with other student organizations	1

The one-year period of establishment for your group began July 31, 2017. You may submit an application on or after July 31, 2018.

If you have any questions about this, please let me know.

Dear Dr. P. C. Krishnamachary,

On behalf of the American Society of Civil Engineers' (ASCE) Board of Direction, and the 150,000 members it serves, we extend our sincere thanks for supporting the Sree Vidyanikethan Engineering College ASCE Student Chapter. Along with hundreds of other universities, you are providing exceptional value to tens of thousands of students around the globe poised to be the next generation of civil engineers.

At the forefront of every student chapter is a dedicated Faculty Advisor, ensuring that students experience the full measure of the educational, social, and professional opportunities available to them. Dr. Eswara Reddy Orekanti is no exception, and we are grateful for the commitment they have shown students and ASCE. The bulk of the value students gain from their ASCE Student Chapter is a direct result of their Faculty Advisor's effort.

We have witnessed first-hand the countless hours it takes to lead students, coordinate activities within the university setting and with local professionals, manage budgets, and travel regionally and nationally to support students' development. A Faculty Advisor's dedication is an outward expression of the passion needed to be a good teacher and mentor and, by extension, to carry the torch for the future of the civil engineering profession.

We hope you will recognize Dr. Eswara Reddy Orekanti, as we do, and take time this year to observe the Chapter and admire the efforts of its student leaders. Our students continually inspire ASCE to look to the future and do all that we can to ensure they become global leaders, building a better quality of life.

With kind regards,

Dear Dr. Orekanti,

Congratulations! On behalf of ASCE Headquarters and the Region 10 Board of Governors, I am pleased to inform you that your request to establish an ASCE Student Chapter at Sree Vidyanikethan Engineering College has been approved. I have attached your Student Chapter's charter certificate for you to print and display.

This letter also includes your Student Chapter's fact sheet. The fact sheet details information we have on record for your Student Chapter and should be kept in your files as a resource. If at any time the information on the fact sheet changes, we would appreciate it if you would keep us informed so our records are up to date.

Also attached is the ASCE Student Organization Handbook for use by your Student Chapter. The Faculty Advisor (FA) and Practitioner Advisors (PA) on record have been added to our FA and PA email lists, which are our primary methods of communication. We suggest you create a generic email address for your Student Chapter (e.g., asce@school.edu or schoolasce@gmail.com) that can be used by your student officers from year to year. Please let us know what that generic email address is, and we will add it to our database.

Again, congratulations on the establishment of the Sree Vidyanikethan Engineering College ASCE Student Chapter. If you have any questions, please do not hesitate to contact ASCE Student Services at student@asce.org.

Dear Prof. Orekanti,

It is my pleasure to inform you the Sree Vidyanikethan Engineering College ASCE Student Chapter has been selected by the Committee on Student Members to receive a Certificate of Commendation for its outstanding activities as recorded in the 2020 Chapter Annual Report. This is a distinction earned by only the top 5% of all Student Organizations.

The Chapter's accomplishments reflect the enthusiasm and hard work of your student officers and members, as well as your fine guidance as faculty advisor. You, the practitioner advisors, and every individual who had a part in this endeavor should be justifiably proud of his or her contribution to the development of the future of civil engineering.

Best wishes for continued success in your future activities.

Sir,

Sub: SVEC-Mechanical Engineering Department – Invitation to establish Indian Society of Heating and Refrigeration Air-Conditioning Engineers (ISHRAE) Student Chapter -**22nd, September, 2017** – Reg.

***

Greetings from Sree Vidyanikethan Engineering College, Tirupathi !

Sree Vidyanikethan Engineering College was established in 1996 and grew into a multi-faceted institute with 08 B.Tech programs, 08 M.Tech programs and MCA Program. The Department of Mechanical Engineering was established in 2011 with an intake of 180. The Department is planning to establish "Indian Society of Heating and Refrigeration Air-Conditioning Engineers" (**ISHRAE**) Student Chapter in our college campus. In this regard, I have pleasure in requesting you to establish ISHRAE student chapter in the department of Mechanical Engineering, and also planning for the orientation program to establish the chapter on **22nd September 2017** at our institute.

I request you to accept and do the needful for further proceedings.

Thanking you,

Yours sincerely,
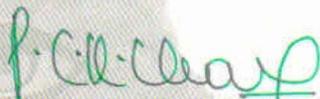

(Dr. P.C. KRISHNAMACHARY)

Dear Prof. Madhavi,

Many thanks for your efforts to establish the student chapter. The SCRS website has been updated and the list of students are available. Very soon a certificate of chapter and the students' certificate will also be shared.

Prof. Shukla will coordinate a formal inauguration with an expert talk for the chapter.

Looking forward to having an active and dynamic student chapter.

You can always write to Prof. Shukla or to me for any query related to the chapter.

Thanks and Regards,
Jagdish

No. SVEC/CE/IGBC SVEC Student Chapter/2020-21/01   13 October 2020

Note Submitted to the Principal

It is brought to your kind notice that the Department of Civil Engineering would like to establish "Indian Green Building Council Sree Vidyanikethan Engineering College (IGBC SVEC) Student Chapter" in our organization. This will spread awareness on Green Buildings and their construction amongst the student community. Further, it provides a platform for students to participate in Green Building Congress, Annual Architectural Design Competition organized by IGBC.

In this context IGBC Student Chapter will enhance the credibility of the institute and inturn the skills of students. In this connection, I request you to permit us to establish IGBC student chapter by providing the following necessary support.

1. T.A., D.A. and accommodation for the resource persons from IGBC whenever they visit the institute.
2. Prescribed fee for student chapter is Rs. 2,500 per annum.
3. Any other expenses.
