L.No. 65(4)2021-NCSSS/1502GR...

HIGH PRIORITY
01/07/2021

Dear Sir / Madam,

Sub: Nominate your Institution's Representatives for The National Cyber Defence Summit'21 (XIV Edition) on 20th & 21st Aug, 2021 through online - reg...

The National Cyber Safety and Security Standards (NCSSS) in association with Ministry of Electronics and Information Technology, Government of India, invites your Institution's representatives to the National Cyber Defence Summit'21 (XIV Edition) on 20th & 21st Aug, 2021 through online.

The mission of the programme is to establish a multi-stakeholder consortium that brings together State/Central Governments, Defence, MNCs, PSUs, Academics, Intelligence Agencies, Enforcement Agencies and etc., in an effort to improve the state of Cyber Security both at domestic and international level.

Cyber threats against educational institution data are on the rise. In fact, the "education service sub-sector is rated third in the top targets of data breach incidents." From the span of 2005-2016, there were 539 educational institution data breaches involving nearly 13 million known personal records. Those are frightening statistics. And, according to cyber security experts, another problem for Colleges and Universities is that they often "lack specific plans for dealing with data breaches once they occur".

Educational institution data breaches are "embarrassing and expensive" and can even lead to "costly lawsuits." As a matter of fact, the cost of data breaches in the education industry is the "second highest of all industries." And, it's not just about the money. Educational institutions also face the loss of trust by their faculty, students, and parents after a cyber-attack. It's a difficult thing for any Educational Institution to overcome.

The Faculty, Scholars & Students in the education sector need to know about the real-life problems of cyber threats & attacks that can affect individual's life and devastate a digital infrastructure.

In this context, NCSSS invites your Institution's representatives to grab this unique opportunity to protect yourself & your digital assets by networking with Cyber Security Professionals/Experts, Security Analysts, Network Experts and Forensic Professionals from all sectors at this Prestigious Cyber Security Training programme.

The Registration fee is: INR 1500/- per Industry/Corporates/Banks/PSUs Participants, INR.1000/- per Faculty delegate and INR 500/- per Student.

Register online: summit.ncdrc.res.in

The delegate registration form is enclosed here with this letter along with the Information Poster. I request you to kindly nominate your Organization's Representatives for this prestigious Cyber Security Training Programme.

"JAI HIND"

 Yours sincerely,
Delhi

Subject: Re: payment process for Clean and Green Campus course for which you have registered

This e-mail originated from outside the UMass Lowell network.

Dear Sir,

I have been trying to pay a fee for the past 2 days for the IUCEE online FDP course on Enhancing Clean, Green, and Smart Learning Spaces in & around the Campus from March to July 2021.

It is showing internet connectivity issues and asking me to try after some time.

Connectivity problem with my union bank or may be your axis bank. I will be trying again.

If it is not going to work today also, please accept if it is going to work tomorrow.

This is for your kind information.

Thanking you.

with regards,

Dr. Hemadri Prasad Raju, Associate Professor, Department of Civil Engineering was participated in the Faculty Development Programme (FDP) course on “**Enhancing Clean, Green, and Smart Learning Spaces in & around the Campus**” organized by Indo Universal Collaboration for Engineering Education (IUCEE).

The schedule of it is as follows:

Duration & Time: March-June 2021 Batch, Wednesdays 7 pm to 8 pm (IST)

Date	Topic	Facilitator(s)
17 March	Briefing, Introduction, Objectives of I-FDP, Familiarisation with Canvas LMS, Assignments	Prof. Krishna Vedula, Er. Deepak Gadhia & Dr. Deepak Waikar
24 March	Clean, Green, and Smart Learning Spaces	Dr. Deepak Waikar & Er. Deepak Gadhia
31 March	Case Studies in Energy Auditing and Solar Thermal Applications	Dr. Ajay Chandak
07 April	Clean & Green Energy	Dr. Deepak Waikar
14 April	Solar Concentrators	Er. Deepak Gadhia
21 April	Virtual Demo on Solar Concentrator	
28 April	Waste Management	Er. Gaurav Kedia
05 May	Virtual Demo of Biogas Lab	
12 May	Water Resources and Sanitation Management	Prof. Venki Udameri
19 May	Virtual Demo on Water Management	
26 May	Project Funding Schemes & Sample Feasibility Report	Dr. Ajay Chandak and Er. Gaurav Kedia
02 June	Innovation and Social Entrepreneurship	Er. Deepak Gadhia & Gaurav Kedia
09 June	Concept Design and Plan Presentations by Participants	Moderated by Prof. Krishna & Dr. Deepak Waikar with comments from Experts
16 June	Concept Design and Plan Presentations by Participants	
23 June	Interaction and Concluding Session	Prof. Krishna Vedula, Er. Deepak Gadhia & Dr. Deepak Waikar

Notes:

- Final Programme schedule may vary depending on availability of experts and public holidays.
- Participants are expected to carry out research for their assignments and presentations on regular basis as per the guidelines.

Eminent professors and industry experts delivered lectures on the said topics as per the above schedule.

The Programme Objectives were:

- To impart knowledge on integrated approach for Energy Efficiency & Management, New & Renewable Energy sources with sample case studies
- To impart knowledge on integrated approach for Water Efficiency & Management, Waste Recycling & Management with sample case studies
- To give Virtual Demo Sessions on World Class Bio-gas power plant Laboratory Model

- To Conceptualise Research Projects and commensurate student projects
- To Leverage on Community Based Projects for implementation.

Mode of Delivery:

Virtual / Online and Canvas LMS
