An Awareness Program on
"International Literacy Week"

17-09-2016

Time: 10:00 am
Venue: Kotala, Chandragiri Mandal

A report on
"International Literacy Week"
at Kotala Panchayat

17th September, 2016

An awareness program on literacy is conducted in the Kotala Panchayat on 17.09.2016 by the faculty and students of Department of Mechanical Engineering.

The most important thing required in our villages is awareness for education. Education and awareness walks hand in hand and if people are made aware about the importance of education, how education can help them develop themselves and the other benefits of education.

However, practically speaking, villages follow a pattern where individual views are considered less important as compared to community view. So, the elders of such villages must be targeted first, to create such awareness among them. Later, the young generation should be invited for such programs along with their parents and families, to take this ahead by one step. With this objective an awareness program was conducted to the elders on the importance of education.

In today's perspective, literacy does not mean about the writing and reading capabilities only. It has gained a broader meaning. It claims to guide people towards awareness and the change which is needed in order to achieve a better way of living. The idea was to convince people about their active participation, mobilization of social forces. Soon it became a national consensus.

విద్యతోనే సమాజాభివృద్ధి

చంద్రగిరి : విద్యతోనే సమాజాభివృద్ధి జరుగుందని కొటాల సర్పంచ్ సుధా అన్నారు. ఆదివారం జాతీయ అక్షరాస్యత దినోత్సవం సందర్బంగా శ్రీవిద్యానికేతన్ ఇంజనీరింగ్ కళాశాల విద్యార్థులు చంద్రగిరి మండలం కొటాలలో ఎన్ఎస్ఎస్ క్యాంపు నిర్వహించారు. విద్యార్థులు ప్రతి ఇంటికి వెళ్లి విద్య ఆవశ్యకతపై గ్రామస్తులకు వివరించారు. ఈ సందర్బంగా ఏర్పాటు చేసిన సమావేశంలో సర్పంచ్ మాట్లాడుతూ విద్య ప్రతి ఒక్కరికి అవసరమని తెలిపారు. కార్యక్రమంలో ఎన్ఎస్ఎస్ ప్రోగ్రాం ఆఫీసర్ కుదీప్, పంచాయతీ కార్యదర్శి చంద్రబాబు పాల్గొన్నారు.

Press Clip of International Literacy Week Campaign

85 volunteers participated to promote the literacy and help the community of Kotala Panchayat. The main objective is to share the importance of Education in the rural areas.

Singu.Sudha, Sarpanch of Kotala also participated in the campaign and encouraged the volunteers to do such activities with more enthusiasm.

It is impertinent to create awareness through an educational process to make the people to break the barriers of development created by caste, religion, cultural, traditions, and economic exploitation. And only then, the small, marginal and landless labourers could be delinked from their day to day dependence on the village landlords and the money lender. The aim of creating awareness attempted to create and enable the families who are poor as a collective force to practice through productive exercise.

An awareness is conducted through a new educational methodology which is crucial for the liberation of the people form their own ignorance, lethargy and habits that play them straight into the village economic system of exploitation of the poor by the rich in the village. Mere provisions of economic aids for the people such as better cultivation may be obtained through better education.

All the benefits accrued through education is imparted to the villagers of Kotala Panchayat. All the villagers and the Sarpanch appreciated the efforts of the students in organizing the event.
