Report on Phase Events-1

Phase Events were conducted to both the 2nd and 3rd year students of Electronics and Communications Engineering of SREE VIDYANIKETHAN ENGINEERING COLLEGE on 27-03-2021 by ACME (technical association of dept. of ECE). The objective of the events was to make students engage in non-academic activities. These events will be conducted twice in an academic year.

As the name Phase Events depicts, an amalgamation of fun and tech events will be organised to provide students from the academic routine. As a part of Phase events, a total of six events were conducted namely, "Technopholia", "Fun with Box Office", "Pass the Message", "Who am I", "What's in the Box", "Biscuit Kavala Nayana". All the events conducted were team events and each team consisted of 6 participants.

REPORT ON SANKRANTI SAMBARALU 2021

Every year to celebrate the auspicious occasion of Sankranti and to make students have a break from their academic activities Sankranti Sambaralu will be organised in the month of January.

ACME (Department association of ECE) conducts Sankranti events and Rangoli for all the students and faculty of ECE.

As the objective of the events is to provide students a break from their academic activities, fun events like Rangde, Paper Pyramid, Connecting-Game were conducted. The event got massive response from the 2nd and 3rd year students of ECE with total participation of **242**. The events were conducted by forming teams from both 2nd and 3rd year students to make the events interactive and to make them participate with true spirit. Three teams were declared winners who topped the leader board after the completion of all the events. The students liked the events and were very much engaged in active participation. The overall feedback from the students and faculty for the events were good.

Report on Phase Events-1

Phase Events were conducted to both the 2nd and 3rd year students of Electronics and Communications Engineering of SREE VIDYANIKETHAN ENGINEERING COLLEGE on 27-03-2021 by ACME (technical association of dept. of ECE). The objective of the events was to make students engage in non-academic activities. These events will be conducted twice in an academic year.

As the name Phase Events depicts, an amalgamation of fun and tech events will be organised to provide students from the academic routine. As a part of Phase events, a total of six events were conducted namely, "Technopholia", "Fun with Box Office", "Pass the Message", "Who am I", "What's in the Box", "Biscuit Kavala Nayana". All the events conducted were team events and each team consisted of 6 participants.

Sree Sainath Nagar, A. Rangampet - 517 102

Dept. of Electronics & Communication Engineering

ASSOCIATION OF COMMUNICATION MAJORS & ENTHUSIASTS (ACME)

The Phase Events are conducted to give students a break from academic activities which helps them participate actively, it helps in refreshing of mind and make them involve in academics with new energy. A total of 68 students participated in the events. After completion of each event, the team that tops the leaderboard is declared as winner of that event. Hence a total of 6 six teams were declared winners. The feedback from the participants was good.

ACME CODEME

Name of the Event

: ACME CodeMe 2020

Conducted by

: Association of Communication Majors and

Enthusiasts(ACME)

Faculty coordinator

: R. Nagendra, B. Hari Chandana.

Event Organizer

: Poorna Chandra, Thouheed Ahamed, Sravan, Raghu.

Schedule of the Event

: 30-08-2020

Event Objectives:

1. Applying the fundamental knowledge in science, technology, electronics general studies in answering the questions. (PO1).

2. Identifying and formulating the answers for questions using the knowledge of mathematics and science. (PO2).

3. Design solutions for analytical problems and design solutions or processes that meet the specified needs. (PO3).

Event description:

CodeMe an online coding competition will be organised for the 3rd year students of & Communications Engineering of SREE VIDYANIKETHAN ENGINEERING COLLEGE. Considering the current pandemic scenario, the registrations, conduction of the event, announcement of winners and the feedback submitted to the students will be made virtually. The CodeMe event will test the programing abilities of students. The students will be given 3 programing questions to solve in a user friendly environment where students can choose programming language of their choice in HackerRank. The participants who does not involve in any malpractices and tops the leaderboard of HackerRank will be declared as winners.

Report on CODEME

CodeMe an online coding competition was organised for the 3rd year students of Electronics & Communications Engineering of SREE VIDYANIKETHAN ENGINEERING COLLEGE on 30-8-2021 by ACME (technical association of ECE). Considering the current pandemic scenario, the registrations, conduction of the event, announcement of winners and the feedback submitted to the students was made virtually by means of Gmail, HackerRank and social media platforms.

The objective of the event was to make the students of 3rd year aware of the available enterprise software that helps organisations with their technical hiring needs via technical skill assessments and make themselves familiar with competitive programming challenges. These platforms are a place where programmers from all over the world come together to compete and solve problems according to provided specifications. This will help the students to enhance their skillset, learn new things and will provide exposure to local to global competition. This will help to prepare for the upcoming job software opportunities in current pandemic situation.

The CodeMe event will test the programing abilities of students. The students were given 3 programing questions to solve in a user friendly environment where students can choose programming language of their choice. A total of 141 students participated in the event out of which top 5 students were declared winners based on the leader board generated, considering the test cases passed by the students for which points will be allocated.

Coder Challenges Event Report

CODER CHALLENGES Event is conducted in online through 'Hackerrank' platform on **22-08-2020** with **56** participants. This event helps to Enhances Problem-solving Skills. It's a Guaranteed Brain Exercise, Competitive Programming is like a brain training app, but for real skills. By practicing to solve problems regularly, programmers can ensure that the coding part of their brain receives a regular workout.

The Event is manifested into 2 rounds including the basic, medium level questions through Google forms. Certain equitable and thinkable codes challenges are inculcated in this event, which thereby develops your coding skills and problem solving creativity to boost up their self-confidence. The event winners are announced and appreciated after the commencement of offline classes.

Congratulating the Winner after the coder challenges event.

Pencil Sketch Event Report

PENCIL SKETCH is conducted in online on **05-09-2020** with **No. of participants:'46'**. This event helps to bring a tremendous enhancement in drawing techniques and develop finger strength, perseverance and thinking skills. The Sketches are drawn as per their views in such a manner that includes idea representation, spontaneous thinking and creative ability.

The Drawings of Winners in PENCIL SKETCH event.

Pencil sketch is a form of visual art in which one uses various drawing instruments to mark paper or another two-dimensional medium. While we are concentrating on how to bring back their drawing skills, this leads to a better sketch maker and drawing skills. Certain equitable and thinkable sketches are inculcated in this event, which thereby develops your drawing skills and creativity to boost up their self-confidence.

Logo Quiz Event Report

LOGO QUIZ Event is conducted in online through zoom platform on **27-06-2021** with **24** participants. A logo quiz is a form of game or mind sport in which players attempt to answer questions correctly. It is a game where you guess the names of thousands of logos from popular companies and to test knowledge about certain subject.

The Event is manifested into 2 rounds including the basic, medium and hard level questions which thereby develops positive self-esteem to boost up their self-confidence. Encourages team work, Students need to form teams while participating in quizzes, giving them an opportunity to hone their teamwork skills.

Students are enthusiastically participating in 'LOGO QUIZ' event.

CODE NINJAS LEVEL-1 Q.P & SOLUTIONS

Print the given pattern for the given number of rows. Pattern for N=4 1111 1 4 1 4 4444 Input format: N (Total number of rows). Constraints: N lies in the range [3,9] **Output format:** Pattern in N lines Sample Input 1: Sample Output 1: 11111 1 5 1 5 55555 Solution: ## Read input as specified in the question. ## Print output as specified in the question. #Wr n = int(input()) for i in range(1, n + 1): if i == 1 or i == n: for j in range(1, n + 1): print(i, end = "") else: for j in range(1, n + 1): if j == 1 or j == n: print(j, end = "") else:

print(end = " ")

print()

Problem 2:

Duplicates and their Frequencies

Send Feedback

You are given an list of N integers and you have to print only duplicate elements from a list with their frequencies.

Note: Frequency is the number of times an item is repeated.

Input Format:

The first line of input contains an integer N. Each of the following N lines contains an integer.

Output Format:

You have to print the duplicate elements and their frequencies. Print the elements in their order of appearance. Please refer to sample test cases for more clarity on the output format.

Constraints:

The value of N lies in the range: [1, 20] Each of integers lie in the range: [1, 10]

```
Time Limit: 1 second
Sample Input 1:
2322
Sample Output 1:
```

23 **Explanation:**

The integers 2 and 1 are appearing three and two times respectively. Moreover, 2 is appearing before 1 in the list. Hence, the output.

Solution:

```
# Write your code here
n = int(input())
It = []
for i in range(n):
  It.append(int(input()))
freq = dict()
for i in It:
  if i not in freq:
```

freq[i] += 1

freq[i] = 1

else:

#create a visited array and initialize every element visit

```
#status to false
vis = [False for i in range(1, n + 5)]
for i in It:
  #if the element's frequency is > 1 and not visited
  if freq[i] > 1 and vis[i] == False:
     #set the visit status to true
     #so it can't be visited again
     vis[i] = True
     print(i, freq[i])
Problem 3:
Even Jumps
Send Feedback
Little Mayur and his grandmother are learning mathematics. His grandmother has N blocks. Each block has a shape of cube
and a number is written on top of it. She keeps his pet frog, Tony, at the first block. Tony can jump two blocks at a time, such
that if it is at 1st block, it can jump to 3rd block and from 3rd block to 5th block and so on.
Grandmother wants Mayur to find sum of numbers on all the blocks that Tony has landed. Can you help Mayur find the sum.
Input Format:
The first line of input contains an integer, that denotes the value of N. The following line contains N space separated integers.
Output Format:
The first and only line of output contains the sum of numbers on all the blocks that Tony has landed.
Constraints:
N lies in the range: [1, 100]
Value of numbers on blocks lies in the range: [1, 10000]
Sample Input 1
12345
Sample Output 1
Explanation
Tony will land on blocks with numbers 1, 3 and 5 and hence the sum is 9.
 Result:
 # Write your code here
 n = int(input())
 arr = [int(i) for i in input().split()]
 res = 0
 for i in range(0, n, 2):
   res += arr[i]print(res)
```

CODE NINJAS LEVEL-2Q.P & SOLUTIONS

Hola, Guys!

Hola is a Spanish greeting used when meeting someone. You will be given Hola in M different languages. And then you are given N queries. Each query has a single string. You need to print which language the given string belongs to, in uppercase.

Note: If the given word doesn't belong to any given language, print "NO SUCH LANGUAGE" without quotes.

Input Format

- First line contains an integer M denoting number of languages.
- Next M lines contains 2 strings, language and Hola in that particular language.
- Next line contains an integer N denoting number of queries.
- Next N lines contains a single string.

Constraints

- 2 <= M <= 10
- 2 <= N <= 10
- Every given string has only lowercase letters.

Output Format

For each query, print a single string.

Sample Input 0

3
telugu namaste
spanish hola
japanese konnichiwa
2
namaste
hello

Sample Output 0

TELUGU

NO SUCH LANGUAGE

Jack is good at Mathematics. One day Jim decides to test the Mathematics knowledge of Jack. He asks Jack to find whether the given number is **Prime** or **Double Prime** or **Composite**. Jack thinks a computer can better answer the question when the number becomes large. Since he doesn't know how to write a program himself, He asks you to write the program for him.

Prime: A number is Prime if it has only two divisors 1 and itself.

Example: 2, 5, 7...

Double Prime: A number is *Double Prime* if it has atleast two digits and sum of the digits is also prime.

11 => 1 + 1 => 2 (Prime) 11 is **Double Prime**

23 => 2 + 3 => 5 (Prime) 23 is *Double Prime*

 $5 \Rightarrow 5$ (Prime)

5 is not a Double Prime since there is only digit

Composite: A number is Composite if it has more than two divisors.

Example: 4, 6, 12...

Note: If the number is both *Prime* and *Double Prime*, You should print Double Prime.

Input Format

A single line containing an integer

Constraints

2 <= n <= 100

Output Format

Print whether n is Prime or Double Prime or Composite

Sample Input 0

7

Sample Output 0

Prime

Explanation 0

7 = > 7 (Prime). 7 is Prime and it has only digit.

So, 7 is only Prime

Sample Input 1

23

Sample Output 1

Double Prime

Explanation 1

23 = > 2 + 3 = > 5 (Prime). 5 is Prime and 23 has atleast 2 digits.

So, 23 is Double Prime

Jim visits Treasure Island

In this problem.

Assuming Jim is at cell (i, j). He has two possibilities.

He can either move to (i + 1, j) (which is South) or (i, j + 1) (which is East).

He can't make a move to the next cell if the next cell is a "" or valley

Mathematically

Jim can make moves, only

(i, j) - > (i, j + 1) if grid[i][j + 1] = '.'

(i, j) - > (i + 1, j) if grid[i + 1][j] = '.'

He cant' make a move to the next cell if grid[i][j + 1] = '*' or grid[i + 1][j] = '*'

Using the above conditions, the solution can be recursively computed for each cell. If the destination cell (n - 1, n - 1) is reached, we return **true**

If i == n - 1 and j == n - 1:

return true

If the next cell is a valley, we stop moving further as we can't travel through a valley.

Therefore, another base case of this algorithm would be If grid[i][j] = '*'

return false

We check for boundary conditions, which are pretty trivial.

If i < 0 or j < 0 or i >= n or j >= n:

return false

Source Code:

```
def pathExists(grid, n, i, j):
  if i == n - 1 and j == n - 1:
     return True
   if i < 0 or i < 0 or i >= n or j >= n:
     return False
   if grid[i][j] == "*":
      return False
   return pathExists(grid, n, i + 1, j) or pathExists(grid, n, i, j + 1)
t = int(input())
for i in range(t):
   n = int(input())
   grid = []
   for i in range(n):
      grid.append(input())
   if pathExists(grid, n, 0, 0):
      print("YES")
   else:
      print("NO")
```

Time Complexity:

At every cell, Jim has two possibilities. There are n * n cells in the grid.

Therefore, time complexity would be O(2 n * n)

Since $n \le 5$. This algorithm works within the time.

Sort by Set Bits

Before, I jump into the actual solution. I'll explain what are set bits in a number Binary representation of 13: 1101 Set bits(13) - > 3

Set bits actually refer to number of 1's in the binary representation of the given number

Source Code:

```
from functools import cmp_to_key
def comp(a, b):
  aCnt = 0
  bCnt = 0
  x = a
  y = b
  while x != 0:
     aCnt += (x \% 2)
     x / = 2
  while y != 0:
     bCnt += (y % 2)
     y //= 2
   if aCnt == bCnt:
     return a - b
   return aCnt - bCnt
n = int(input())
```

arr = [int(x) for x in input().split()]
arr.sort(key = cmp_to_key(comp))
print(*arr)

Time Complexity:

Since we're not doing anything except sorting. The best time complexity of sorting algorithm is **O(nlogn)**

Few points to remember:

I noticed a few students code Bubble sort to Sort the numbers based on set bits count.

You would have very less time to code up the solution during the contest. You don't want to write the sort function for yourself as this is time consuming. Instead, learn comparators in python and how you can use them to your advantage.

Traditional Day 2021

30th January, 2021

Traditional Day -2021 was Organized by department of CSE in collaboration with Computer Engineers Technical Association (CETA) on 30th January, 2021. A total of 250 IV B.Tech CSE Students Participated in the program. The main aim of the Event is to memorize the Indian Tradition and Culture among the Students.

On that day students attended the college dressed in their Best Ethnic Attires. Students participated in the event with great ecstasy. To make the traditional day more entertaining various events were organized for the students. Every one displayed their various cultures by dressing their best which was a colorful treat to the eyes in itself. Lots of pictures were clicked by the everyone to create memories of this beautiful day

Online Structural Photography Competition on "Civil Engineering Structures"

31st July2020

The Department of Civil Engineering of Sree Vidyanikethan Engineering College has organized an **Online Structural Photography Competition** on **"Civil Engineering Structures"** under ASCE SVEC Student Chapter on 31st July 2020. The objective of the program is to motive and nurture the Structural Photography Skills and impart knowledge on Civil Engineering Structures.

A total of **07** students from II, III and IV B.Tech. Civil Engineering I Semester has participated in the event. The whole event was conducted with great zeal and enthusiasm. The competition was conducted through **Zoom Platform** from 10:00 am to 1:00 pm.

Dr. O. Eswara Reddy, Professor, Head, BOS Chairman, and Faculty Advisor - ASCE SVEC Student Chapter, Department of Civil Engineering, SVEC and Convener of the event addressed the gathering and motivated the participants; Mr. D. V. Purushotham, Assistant Professor, Coordinator-ASCE SVEC Student and Coordinator of the event Chapter judged the participants on different criteria such as knowledge, presentation, demonstration, creativity and content. Office barriers of ASCE SVEC Student Chapter were the organizers of this program.

On the whole, the event was proved successful. The prize winners were judged purely based on subject knowledge and presentation skills. The **First Prize** to **Mr. Chandan Mahato** of IV B. Tech. CE-B and the **Second Prize** to **Mr. Neelam Venkata Sai** of IV B. Tech. CE-A were awarded. Participation certificates were distributed to all the participants. The students were enriched with knowledge on latest technologies used in the Different Themes of Civil Engineering Structures. Further, it is believed that this event has ignited the young minds to learn and participate and to participate and learn.

"SIR M VISVESVARAYA - A LEGENDARY"

15th September 2020

The Department of Civil Engineering of Sree Vidyanikethan Engineering College has organized an Online Lecture on "SIR M VISVESVARAYA - A LEGENDARY" for B.Tech. CE Students under ASCE SVEC Student Chapter on 15th September 2020. The objective of the program is to share the knowledge and experiences of about Bharat Ratna Sir M. Visvesvaraya to the students in the field of civil engineering. This program is helpful for the students to understand the importance of values and ethics apart from the knowledge in civil engineering and making them.

Dr. O. Eswara Reddy, Faculty Advisor - ASCE SVEC Student Chapter, Professor, HoD and Chairman - BOS, Department of Civil Engineering, SVEC delivered an online Lecture on "Sir M Visvesvaraya - A Legendary" as a part of the Engineers day celebrations program. He explained the complete auto biography of Sir MV and his major contributions to the nation and the world.

A total of **80 students** from II, III and IV B.Tech. Civil Engineering II Semester and **15 faculty members** from the department were participated in the session of online Lecture through Zoom Platform. Office bearers of ASCE SVEC Student Chapter were the organizers of this program.

On the whole, the event was proved successful. Online Lecture is a way of enriching our students with the knowledge and experiences of about Sir M Visvesvaraya.

Debate on "Green Technologies: Pros and Cons" 01st April 2021

The Department of Civil Engineering of Sree Vidyanikethan Engineering College has organized a **Debate** on "**Green Technologies: Pros and Cons**" under IGBC Sree Vidyanikethan Engineering College Student Chapter for Civil Engineering students on 1st April, 2021. The objective of the program is to motive and nurture the debate skills, communication skills and impart knowledge on Green Technologies for Civil Engineers.

A total 44 students from I, II and III B.Tech. Civil Engineering II Semester has participated in the event. The whole event was conducted with great zeal and enthusiasm. The Debate was conducted at Civil Engineering Seminar Hall from 03:30 pm to 4:30 pm. Dr. O. Eswara Reddy, Professor, HoD and Chairman-BoS, Department of Civil Engineering, SVEC, and Faculty Advisor-IGBC SVEC Student Chapter; Mr. M. S. Yuvaraj, Assistant Professor and Coordinator, IGBC SVEC Student Chapter were together observed and judged on different criteria such as debate skills, knowledge, presentation, creativity and content. Office barriers of IGBC SVEC Student Chapter were the organizers of this program.

On the whole, the event was proved successful. Ms. Swetha Priya Gadikota of III B.Tech. CE and Mr. Kokavari Indra Sena Naidu of I B.Tech. CE were awarded the First and the Second Prize respectively. Also, participation certificates were distributed to all the participants. The students were enriched with the knowledge on latest trends in green technologies and idea about challenges in Civil Engineering.

The photographs of the event are as follows.

Technical and General Quiz Competition

30th March 2021

The Department of Civil Engineering of Sree Vidyanikethan Engineering College has organized a "Technical and General Quiz Competition" under Indian Geotechnical Society Sree Vidyanikethan Engineering College (IGS SVEC) Student Chapter on 30th March, 2021 from 10:30 A.M to 1:30 P.M. in Civil Engineering Seminar Hall. The main objective of the program is to create enthusiasm to learn general knowledge and current affairs and thereby to develop an attitude to win and boost confidence among participants.

A total 72 students of 12 teams from I, II, III and IV B.Tech. II Semester Civil Engineering have participated in the event. The students participated in the event were with zeal and enthusiasm throughout the event. Quiz was conducted in five rounds (International Level Quiz, National Level Quiz, Local Level Quiz, Logo Quiz and Quiz on Technical Knowledge). Mr. M. Tharun Kumar, Coordinator, IGS SVEC Student Chapter and Mrs. G Gnana Prasanna, Assistant Professor, Department of CE together judged the teams on different criteria such as knowledge on current affairs, general and technical aspects.

Dr. O. Eswara Reddy, Professor, Head and BOS Chairman, Department of Civil Engineering, Sree Vidyanikethan Engineering College; Faculty Advisor, IGS SVEC Student Chapter; Convener of the Event; Mr. M. Tharun Kumar, Assistant Professor, Department of Civil Engineering; Coordinator, IGS SVEC Student Chapter and Office bearers of IGS SVEC Student Chapter were the organizers of this program.

On the whole, the event has proved successful. The First Prize is won by Group - 11 (Ms. S. Sireesha and Ms. K. Bhavya Sree of III B.Tech. CE; Mr. T. Suryateja of II B.Tech. CE; Ms. D. Rajeswari, Ms. M. Akhila and Mr. Swani Manik Reddy of I B.Tech. CE) and Second Prize is won by Group - 8 (Mr. K. Pavan Kumar and Mr. C. Sai Sree Harsha of IV B.Tech. CE; Mr. T. Venukumar, Ms. C. Sathya and Mr. A. Sai kiran of III B.Tech. CE; Ms. G. Sumalatha of I B.Tech. CE). The appreciation certificates and participation certificates were distributed to all the winners and all other participants. Quiz is a way of enriching students with the current affairs, general and technical knowledge. It also motivates students to think out-of-the-box and promotes curiosity, competitive spirit among them. Quiz competitions even help to build the student's soft skills. Further, it is believed that this event has ignited the young minds to learn and participate in any event.

An Expert Lecture on "Critical Thinking Skills"

An expert lecture on "Critical Thinking Skills" was organized by the College under Skill and Personality Development Programme Centre (SPDP) for SC/ST students sponsored by AICTE on 26th February 2021. The Resource Person was Dr. VLVN Narendra Kumar, Senior Lecturer in English, Govt. Polytechnic, Atmakur.

Dr. VLVN Narendra Kumar Rao, Senior Lecturer in English, Govt. Polytechnic, Atmakur explaining the rudiments of Critical Thinking Skills

At the outset, the resource person emphasized the importance of Soft Skills and advocated the students to develop LSRW Skills. He started highlighting the importance of Critical Thinking - the ability to think clearly; rationally; engage in reflective and independent thinking; and ability to take charge of thinking. He told the students that Critical thinking will enable them not to accept anything blindly and help them to take sound judgment, take decisions wisely and continue the tendency of curiosity. He told that though heredity and environment condition a person, Critical Thinking breaks the shackles of the previous conditioning.

Sree Sainath Nagar, Tirupati - 517102

Giving the example of Socrates who used Dialectic Method of teaching (The art of questioning) his young disciples, Dr. Narendra told that Critical Thinking helps to develop sound criteria and raises standards for analyzing and assessing one's own thinking thereby improving the quality of thinking process. Hence, Critical thinkers don't take sides and move away from rote learning; fixed assumptions and conventional thinking. In a nutshell, he highlighted that Critical Thinking is "thinking about thinking". Taking practical examples of a snake chasing a man who hurts him from Nellore to Tirupati, and all women are better drivers, he drove home his point that Critical thinkers don't believe in preconceived notions; don't make subjective judgments; understand the world around him/her better; and improves his/her knowledge.

Students and faculty member listening to the session

He further added that Critical Thinking Skills help a person to understand the relevance of ideas and connect them logically; solve problems in a creative way; and use valid arguments to reason or justify one's beliefs. He told the students to read the books of *Agatha Christie*, (considered to be the Queen of Suspense in English Literature); *Sir Arthur Conan Doyle's Sherlock Holmes; Life of Thimmarasu*(the Prime Minister of Krishnadevaraya); *Tenali Rama; Akbar and Birbal Stories* to improve one's thinking faculty and problem-solving capability. The students were enlightened not to run away from problems as for every problem that arises, there would be a solution and if there is a lock, surely there would be a key.

Engineering College

Dr. Narendra elaborating his thought on Critical Thinking said that there is a difference between discussion (which leads to fruitful outcome) and Argument (which simply proves what is right or wrong). He explained that Critical Thinkers distinguish between facts and opinions and ask pertinent questions by making detailed observations based on sound logic and solid evidence. *Socrates' Dialectic Method* and *Karl Marx' Dialectical Materialism* were also highlighted to students. He observed that Critical Thinking is not restricted to a particular subject and it is helpful to educationists, researchers, financiers, managers and also to legal professionals.

Illustrating the examples of *Alexander Fleming* in his discovery of Penicillin (with the help of bacteria developed in his laboratory) and Archimedes (the principle which is a milestone for measuring the volume of irregular objects), Dr. Narendra explored that Critical Thinking Skills play a crucial role in New and Global Knowledge Economy which has to be dealt with quickly and effectively. He said that this skill helps a person in language and presentation skills where the clarity of thought leads to clarity of expression enabling one to analyze the structure of texts and improve comprehension abilities.

The resource person further explained that Critical Thinking promotes creativity by giving an example of a Millionaire who parks his Ferrari, a high-end car for a week by just paying 50 dollars as interest by taking a loan of 5,000 dollars. He further told that Critical Thinkers lead a life of total Self-Reflection by respecting the values of others and in taking wise decisions. He gave the examples of *Leo Tolstoy*; *Bertrand Russell*; CID (A Hindi serial being telecast in SonyLIV); *Agent Sai Srinivasa Aathreya*(Atelugu Movie starring NavinPolichetty); and *Detective Narada* (A telugu movie casting Dr. M. Mohan Babu) to make his point clear to the students in enhancing their Critical Thinking Skills. At the end of the session, students were asked to read at least one leading newspaper to improve Vocabulary, Current Affairs, Knowledge of Grammar and Sentence Construction.

The Social Entrepreneurship, Swachhta and Rural Engagement Cell (SES & REC) of Sree Vidyanikethan Engineering College has organized an awareness program on "Water Conservation" to create awareness on the said topic for the students and staff on 22-03-2021 from 2.45 pm to 4.00 pm to observe the WORLD WATER DAY 2021 at Dasari Auditorium which is in the college campus (South wing of M-Block). Around 350 student participants from different branches and 15 staff members were participated in the program.

Dr. Hemadri Prasad Raju, Associate Professor/Dept. of Civil Engineering, Convener of Social Entrepreneurship, Swachhta and Rural Engagement Cell (SES REC), Sree Vidyanikethan Engineering College has started the proceedings at 2.30 pm with the welcome address (Picture 1) and then, Dr. P.C. Krishnamachary, Principal of the college has delivered an introductory speech on Water Conservation best practices followed in the campus (Picture 2). The guest speaker of the program was then felicitated (Picture 3). The student anchors read the profile of the keynote speaker, Dr. Prasanna V. Sampath, Assistant Professor, Department of Civil and Environmental Engineering, Indian Institute of Technology (IIT), Tirupati. The speaker started his presentation with an introduction to the water availability, extensive usage and how it's been wasted in different ways (Picture 4).

The Speaker has enlightened the students with best water conservation practices that can be practiced in the campus as well as in our daily life (Picture 5 and 6). The speaker in his final few slides explained the best practices of water conservation followed in their institute and in the end answered the questions posed by students present in the program. The program was concluded with vote of thanks to all those who are directly or indirectly involved in the successful completion of the program.

* 3-DAY ONLINE GUIDED FREE WORKSHOP On PRANAYAMA, MEDITATION & ASANA*

NSS, IEEE-WIE Affinity Group and Women Empowerment Cell (28-05-2021 to 30-05-2021)

REPORT

A 3-Day Online Guided free workshop on "**PRANAYAMA**, **MEDITATION & ASANA**" was organized under NSS, IEEE-WIE Affinity Group and Women Empowerment Cell by Department of Electrical and Electronics Engineering, Sree Vidyanikethan Engineering College, Tirupati in association with **Art of Living Organization** for the benefit of undergraduates students, postgraduates students and faculties of various department and various institutions.

The 200 participants who have enrolled for this workshop were divided into 5 batches and each batch was headed by well trained faculties from Art of Living organization. The speaker of the session was Dr. Harish Saranam, Dr. Sairam Kumar, Ms. Soumya Kotha, Dr. Sai Krishna Kumar and Ms. Kranthi Yerramsetty who have trained the students and faculties of the workshop on 28-05-2021 virtually through Zoom platform between 5.30 pm to 06.00 pm.

The session started with the welcome note by Dr.M.S.Sujatha and Mr.G.Kuladeep, Co-Ordinator of the workshop.

Dr.M.S.Sujatha, Convener welcoming the audience

Mr. G.Kuladeep, welcoming the art of living faculty

Art of living has recognized that the fear and anxiety of the pandemic, the stress from the lockdown and isolation; and the uncertainty about the economy, jobs and future were affecting people's mental health and well-being. So they have immediately launched this Immunity Enhancement Program. The main thought of this program is to speak to different segments of society suggesting everyday solutions for lockdown; providing tips for health and immunity; guidance on leadership and working from home; strengthening relationships and taking care of children and teens.

Dr. Harish Saranam stressed importance of meditation

The session started with a short meditation for beginners followed by "Can yoga help me boost immunity? Can I practice yoga during the COVID-19" The answer is yes.

Regular practice of yoga has shown effective results. Different asanas boost immunity, build the body's strength, increase energy levels, bring down anxiety and stress,

infuses positivity and freshness in the mind. Lack of sleep, poor nutrition, and life stress all lead to a weakened immune system and vulnerability to sickness. Stress, more than anything, leads to a breakdown in the body's ability to defend itself against bacteria and viruses. When stressed, the hormone cortisol stays in the blood for extended periods of time, which the body develops resistance to, leading to increased inflammation.

Ms. Kranthi highlighting immunity boosters

When sick, antibiotics and other medicine can help the body recover from the disease. However, what medicine fails to do is improve the body's immune system. This is where yoga comes to the rescue! Yoga is one of the most effective and time-tested natural immunity boosters that can lead to a healthy, sickness-free body.

Ms. Kranthi Yerramsetty added fact that Yoga lowers stress hormones and strengthens the nervous system while also stimulating the lymphatic system, which removes toxins from the body. Yoga calms the mind and can contribute to deeper,

regulated sleep, which is crucial for wellness; sleep is one of the most important factors in healing and maintaining a healthy immune system.

Session about Anger management during COVID times

The faculties added simple yoga poses that boost immunity during COVID-19 situation.

Shishuasana (Child pose) is an excellent pose to decongest the chest and relax the mind.

Shishuasana

Setu Bandhasana (Bridge pose) opens the heart and improves blood circulation, increasing energy in the body.

Setu Bandhasana

Bhujangasana (Cobra pose) stimulates the thyroid gland, strengthening the nervous system.

Bhujangasana

In order to maintain the oxygen levels speaker of the session added few more mudras. Mudras used in combination with yogic breathing exercises enliven the flow of prana in the body, thereby energizing the cells in the body. These mudras mentioned here could help those afflicted by COVID and are in their recovery phases.

Prana Mudra:

Art of living faculty demonstrating Prana Mudra

Prana Mudra can greatly improve your body's immune system and it also stabilizes your mind. The relaxation effect of the mudra decreases nervousness and helps improve one's confidence. It also brings more balance and stability to the mind, thereby curing any

sleeping or eating disorders you may have been afflicted with. Ms. Soumya added that practicing this mudra also reduces, and sometimes removes, any deficiencies caused by a lack of essential vitamins (A-K).

Apana Mudra:

Art of living faculty demonstrating Apana Mudra

Apana Mudra relieves back pain, detoxifies body, good for those suffering from breathing disorder, strengthens immune system, control diabetes and enables easy childbirth.

Pranayama:

Pranayama is not just breath control as commonly perceived but it is the control of prana through the breath. These techniques involve breathing through the nostrils in a specific pattern of inhalation, breath retention, exhalation. Some common yoga breathing exercises include Bhramari pranayama, Kapalbhati Pranayama, Bhastrika pranayama, Ujjayi breathing and Nadi Shodhan pranayama.

It helps in promoting correct breathing. By breathing properly in a correct manner, the oxygen supply to the brain and blood vessels increases. It alleviates asthma symptoms, reduces stress, and increases mental strength. It gives you strong will power and helps in living a long and healthy life.

5. Nadi Shodhan Pranayama:

Art of living faculty demonstrating Nadi Shodhan Pranayama

The art of living faculty ended pranayama stating their benefits. Pranayama bring us numerous benefits on the mental, emotional and physical levels.

- Calms the mind, reducing worries and anxieties,
- Improves focus and attention, removing brain fog,
- Increases energy, bringing enthusiasm and positivity,
- Boosts the immune system,
- Rejuvenates the body and mind,
- May even slow down the aging process.

The speaker ended the session mentioning the importance of various pranayama, yoga and mudra. Yoga, meditation and breathing techniques are some of the most effective tools to fight against the physical and mental distress brought by the pandemic. She added that these techniques can boost immunity and aid in the mental and emotional care of Covid-19 patients and those who have recovered. The relaxation brought by these

techniques also aids the healing process.

The workshop ended with vote of thanks from Dr.M.S.Sujatha and Mr. G.Kuladeep Co-Ordinator of the workshop. They took privileged to thank the speaker of the session for accepting the request and for stimulating the participants by highlighting the benefits of Pranayama, meditation and aasanas and being inspiration for happy and satisfied life.

Dr. M.S. Sujatha extending the vote of Thanks

Mr. G.Kuladeep gratitude towards Art of living Faculty

ii. Description with working pictures/evidences

The world environment day is celebrated every year on 5th June to raise global awareness to take positive environmental action to protect nature and the planet earth. It is a day that reminds everyone on the planet to get involved in environment friendly activities. It is run by the United Nations Environment Programme (UNEP).

Dr. M M KESAVULU READING OUT Dr. ANIL JOSEPH'S PROFILE

The World Environment Day has been started celebrating as an annual event on 5th of June since 1973 at the Stockholm conference, Sweden and then started celebrating annually at global level. From school children to community groups, companies and governments, all come together to pledge towards building a greener planet.

The temperature impact if all our roads were blue

Dr. ANIL JOSEPH EXPLANATION ON BLUE ROADS QATAR

What is World Environment

- World Environment Day (WED) is the United Nations' principal vehicle for encouraging worldwide awareness and action for the environment.
- It also serves as the 'people's day' for doing something positive for the environment, galvanizing individual actions into a collective power that generates an exponential positive impact on the planet.

Dr. ANIL JOSEPH PPT ON WORLD ENVIRONMENT DAY

Keeping this aim in view, Dr. C. Velan, City Head – Chennai Operations & Pan India Head for Property Management at Ascendas India (CapitaLand India). Former CEO of Tata Realty Infrastructure Limited (TRIL), Chennai, briefed about the importance of this day. Sree Vidyanikethan Engineering college students as well faculty was asked to plant a sapling in small pots and bring them to college to create a green corner in the COLLEGE corridors.

Sree Vidyanikethan Educational Trust considers environment as a matter of vital importance, endeavored to drive this point amongst our students, so that they can make this world greener, and can take earnest initiatives to heal environment. It started with the 'Green Pledge' taken by all the students of the college, wherein the students vowed to preserve their environment and make the earth a better place to live in. It was followed by "Speech" in the morning assembly.

(AUTONOMOUS)

Sree Sainath Nagar, Tirupati - 517102

It gave a window of opportunity to students to share their ideas and activities for making our world cleaner, greener, and brighter.

The presentation highlighted in an age appropriate way the ways in which energy is wasted throughout the day, how they overuse energy in the form of water, electricity, fuels, food etc and how they could reduce, reuse and recycle these at their level.

The event was conducted successfully with whole hearted participation and awareness for a greener World.

Online Webinar & 3 day workshop on "YOGA and LIFE MANAGEMENT SKILLS"

NSS, IEEE-WIE Affinity Group and Women Empowerment Cell (21-06-2021 to 23-06-2021)

REPORT DAY 1

Tough times like COVID-19 put us through a lot of challenges but they bring out the real strength in us. It took one terrible pandemic to realize the importance of YOGA in our daily life. Here's on account of **7**th **International YOGA day**, NSS unit, IEEE WIE, Women empowerment cell of Sree Vidyanikethan engineering college in association with THE ART OF LIVING ORGANISATION planned to organize a Online Webinar & 3 day workshop on "**YOGA and LIFE MANAGEMENT SKILLS**" for the benefit of undergraduates students, postgraduates students and faculties of various department and various institutions.

The speaker of the session was **Sri. S.V. Suresh**, Art of Living, Chittoor and Nellore District area Yoga Teachers Coordinator who have trained the students and faculties of the workshop on 21-06-2021 virtually through Zoom platform between 9.30 am to 10.30 am.

Dr.M.S.Sujatha, IEEE-WIE Faculty Advisor invited all for the Day 1 session. The session started with the welcome note by Dr.M.S.Sujatha and Mr.G.Kuladeep, Coordinator of the workshop.

Dr. M.S. Sujatha, IEEE-WIE Faculty Advisor Delivering Welcome note

Mr. G. Kuladeep, NSS PO SVEC welcome note

Dr. T. Nageswara Prasad, Vice-Principal, Professor & Chairman BOS of EEE, Sree Vidyanikethan Engineering College shared his views on YOGA, highlighting the importance of yoga in everyone's life. He also added that, while living a modern life, your brain is constantly engaged in endless thoughts and never rests in tranquility. As a result, you lack focus, skill and vitality. The yoga calms the brain and enhances its vital functioning. He added his personal experience after yoga in his life.

Dr. T. Nageswara Prasad, Vice-Principal Opinion on International Yoga Day

Art of living has recognized that the fear and anxiety of the pandemic, the stress from the lockdown and isolation; and the uncertainty about the economy, jobs and future were affecting people's mental health and well-being. The session started with a prayer to almighty by **Sri. S.V. Suresh.**

Speaker addressing young enthusiastic participants

The session started with a short prayer to almighty by Sri. S.V. Suresh followed by "how yoga helps in increasing life skills?" Can I practice yoga during the COVID-19" The answer is yes.

Regular practice of yoga has shown effective results. Different asanas boost immunity, build the body's strength, increase energy levels, bring down anxiety and stress, infuses positivity and freshness in the mind. Lack of sleep, poor nutrition, and life stress all lead to a weakened immune system and vulnerability to sickness. Stress, more than anything, leads to a breakdown in the body's ability to defend itself against bacteria and viruses.

The speaker also added that Aasanas are part of yoga and Yoga is not just doing aasanas but the integration of all body parts through breath control. Sri. S. V. Suresh garu also explained how to handle emotions in life using Life Management Skills. In order to have a positive attitude, stress free mind, violent free society and healthy mind Yoga Pranayama and Aasanas is of prime importance.

He also agreed with the point made by vice-principal and added that during interview and examination we need to focus more with proper concentration and communication and good memory to retain all we read and ability to recollect and put in paper, millions of thoughts will be there but we need to focus to face the situation without stress. For which we need energy which can be gained by aasanas through rhythmic breathing he added.

Sri S. V. Suresh, added fact that Yoga lowers stress hormones and strengthens the nervous system while also stimulating the lymphatic system, which removes toxins from the body. Yoga calms the mind and can contribute to deeper, regulated sleep, which is

crucial for wellness; sleep is one of the most important factors in healing and maintaining a healthy immune system.

Later the speaker started demonstrating various aasanas.

Around 100 participants have attended the workshop and got benefited on this 7^{th} International YOGA day.

DAY 2

The workshop on 22-06-2021 started virtually through Zoom platform between 9.30 am to 10.30 am.

Mr. G. Kuladeep, NSS PO, Welcomed the participants for Day 2

Sri. S.V. Suresh said that the most difficult thing to do is to express our feelings correctly and to understand others' feelings correctly. Lacking this skill is the biggest issue faced by society today, and this has to be developed. It is never perfect, some ups and downs do happen in this matter. Like, what we feel, we cannot express fully, and cannot understand correctly what others feel.

This keeps happening in life but when we become more calm and happy, we are able to understand others' minds more and more. That's why it is very necessary to do meditation, pranayama, etc. That gives more inner clarity, and then we feel that others can understand us better, and also we can express our views better.

He also stated that powers and skills are within you but in sleeping mode so we need Suprabatham to wake it up and various Pranayamas to observe rhythm of breath.

The Speaker also explained about various types of Pranayama

1. Bhramari pranayama (bee breath)

2. Kapal Bhati Pranayama

3. Bhastrika Pranayama

4. Nadi Shodhan Pranayama

Benefits of Pranayama

- The regular practice of breathing exercises can completely change the quality of life that one is leading.
- Increases and enhances the quantity and quality of prana, thereby increasing our energy levels
- Clears blocked nadis and chakras, thereby expanding your aura and heightening the spirit
- Makes one energetic, enthusiastic, calmer and positive. Such a state of mind helps us in making better decisions, having mental strength when dealing with adversities and feeling happier
- Brings harmony between the body, mind, and spirit, making one physically, mentally and, spiritually strong
- It brings clarity to the mind and good health to the body

Sri. S. V. Suresh explained various aasanas which helps our mind to come out of clusters of thought. He also added that just as the knowledge of Yoga is vast and deep, so are its benefits. The practice of yoga benefits the body, mind and spirit.

Benefits for the body

- Improves flexibility of muscles and joints
- Strengthens muscles and bones
- Improves posture and body alignment
- Improves digestion, circulation, and immunity
- Enhances function of neurological and endocrine organs
- Prevents and provides relief from chronic illnesses, such as chronic pain syndromes, anxiety and panic disorders, depression, sleep disorders, chronic

fatigue syndrome, and high blood pressure

 Overall the body feels healthier, more energetic. It is less prone to diseases and effects of day-to-day stress.

Benefits for the mind

- If the mind is well, everything else feels well. With regular practice of yoga, the mind gets the following benefits:
- Increased peace, alertness and clarity of mind
- Increased ability to deal effectively with short and long-term stresses
- Increased concentration of mind
- Improved self-esteem
- Decreased reliance on drugs
- Greater energy and enthusiasm for life

Later the speaker started demonstrating various aasanas.

1. Marjari asana

2. Balasana

3. Patangasana

4. Vakrasana

5.Parvatasana

6. Viparita Shalabhasana (superman pose)

7.Pawanmuktasana

After demonstration the forum was open for queries. Sri S.V.Suresh, the speaker of the webinar guided the participants and shown his gratitude by enlightening the participants queries.

Around 50 participants have attended the workshop and got benefited on day 2 of 3 day workshop on "YOGA and LIFE MANAGEMENT SKILLS".

DAY 3

The workshop on 23-06-2021 started virtually through Zoom platform between 9.30 am to 10.30 am.

Mr. G. Kuladeep, NSS PO, Welcomed the participants for Day 3

The speaker of session Sri.S.V Suresh's objective of day 3 was "How to overcome EXAM STRESS". It's Exam Time of the year again during this pandemic. Everyone gets stressed during this time with the pressure to do well. So is there a way to combat the anxiety? To increase your concentration? To increase interest in studies? To deal with the weight of expectations of your parents, teachers and yourself? Luckily, yes he stated. He gave some tips which helps participants to calm their nerves, increase concentration and will help to achieve their goal.

Sri. S.V. Suresh said that the most difficult thing to do is to express our feelings correctly and to understand other's feelings correctly. Lacking this skill is the biggest issue faced by society today, and this has to be developed. It is never perfect, some ups and downs do happen in this matter. Like, what we feel, we cannot express fully, and cannot understand correctly what others feel.

Sri.S.V.Suresh mentoring Students about How to face exams

The speaker addressed on the fact that *skills need to wake up within us* which we already acquired we need to wake it up and polish it by Yoga, Aasana and Meditation. He also stated that powers and skills are within you but in sleeping mode. It's very important to observe rhythm of breath for a happy life.

Sri S.V.Suresh added that the Art of Living says "Encourage children to be more energetic through proper food, physical exercise. Reduce the load on their heads. Parents and peers should not exert pressure on children. When children do yoga, meditation, play creative and co-operative games, not competitive games, their energy levels go up. This results in them paying more attention to their **studies.**"

The Speaker also elucidated about various preparedness for the exams in order to succeed in life.

<u>Pre-Examination Preparedness:</u>

- Sleep well. Without physical and mental rest, memory and concentration are not strong. A tired mind will not focus or retain information well.
- Try and wake up at sunrise, and followed by simple breathing exercises like Nadishodhan Pranayama and Ujjai breathing. This way, stress is eliminated from your body and mind and energy levels rise.
- Use Meditation as a study tool. Practice any simple meditation for a few minutes just before you start your studies. It helps you relax, learn fast, and retain longer, without getting distracted.
- Once you are ready to start, sit down and start studying. No excuses, no postponement.
- Plan your time: Draw a revision timetable schedule and include some time for periodic relaxation breaks. This helps internalize what you have studied and also increases concentration.

• Eat right: fresh, light, homemade vegetarian food will help to increase your ability to concentrate and increase energy levels.

During exams:

- Before you enter the exam hall, relax. Don't stress yourself more by overloading your brain. You don't have to study any more at that time.
- If you feel tense during an exam, take deep long breaths. Observe your breath going in and out and feel your calmness and balance return.
- Don't under-estimate the power of prayer. Prayer also helps your mind to focus, concentrate and defuse anxiety.

"Keep your goals clear in your mind and don't let others push your buttons. It is your life and your results"

Later the forum was open for queries and feedback from the participants. Sri S.V.Suresh, the speaker of the webinar guided the participants and shown his gratitude by enlightening the participants queries.

Participants sharing their feedback

Mr. G.Kuladeep, NSS Program Officer on behalf of management and entire team thanked speaker for accepting the invitation and he also shared his heartfelt gratitude to the speaker for guiding all the participants and also for spending his time, support with patience all three days.

Outreach Activity

An Awareness Program on "Safety Measures to Prevent COVID-19"

31st December 2020

The Department of Civil Engineering has organized an Outreach Activity i.e., An Awareness Program on "Safety Measures to Prevent COVID-19" at A. Rangampet, Chandragiri Mandal, Chittoor District, Andhra Pradesh, India under ASCE SVEC Student Chapter on 31st December 2020. The objective of the program is to motivate, create awareness and impart knowledge on Safety Measures to Prevent COVID-19 to the Public or Community.

Dr. O. Eswara Reddy, Professor, HoD and BOS Chairman, Department of Civil Engineering, SVEC and Faculty Advisor-ASCE SVEC Student Chapter and Convener of the Program; Mr. D. V. Purushotham, Assistant Professor and Coordinator-ASCE SVEC Student Chapter and Coordinator of the Program graced the occasion. Office bearers of ASCE SVEC Student Chapter were the organizers of this program.

O2 No. of Faculty Members and **30 No. of Students** including ASCE SVEC Student Chapter Office Bearers of Civil Engineering Department were actively participated in the program. Faculty and Students explained about the importance of Safety Measures to Prevent COVID-19 to the Public or Community. At the end of the program, the public gained the knowledge on safety precautions to prevent COVID-19 and understood how the prevention benefits the society.

On the whole, the event proved successful. Community service is to work for free to help/benefit the public/community. Community service can have a lot of positive effects on students, such as helping them to develop skills, making contacts, and allowing them to improve the quality of life of others. The students can develop an attitude of giving something to society. Also, it creates realization in the budding engineers to innovate and work for society.
