

ELECTRICAL TECHNICAL ASSOCIATION (ETA)

(EEE Student Technical Association)

Annual Report :: 2020-21

ETA (Electrical Technical Association) is a student's association started, run and maintained by students aiming at honing their inter- and intra-personal skills. It was started during the academic year 1997-98 and was the first of its kind.

The Electrical Technical Association holds the responsibility in enhancing technical knowledge in the field of Electrical Engineering, boosting the confidence levels of students, and inculcating morals and ethical values for wholesome development of oneself. This year, an overall of 14 events were conducted. A total of 803 students had participated and 36 students bagged prizes.

All the organized events helped to instill Communications skills, Analytical skills and Team Leadership skills among the students. In turn it helped organizers in improving their organizing and Leadership skills. These events are conducted every year as a regular practice.

Technical Activities like Coder challenges, Technical quiz, Technical paper presentation, Seminar, group discussion and extracurricular events like singing competition, General quiz, Pencil sketch, Debate, Puzzles, Creative writing, poster making, Rangoli, were conducted to open students mind to new interests and views.

“It is the health that is real wealth and not pieces of gold and silver”. ETA helps student gain and improves their physical capabilities along with strengthening their intellectual capabilities. Sports events like Throw ball, Kho-Kho, Cricket, Volley ball and chess tournament were conducted which earned a good response from students.

This year, an “Add-on course on aurdino” was conducted. This program was conducted to enhance thinking and analytic skills of our students. It also helps to make interactive objects quickly and easily for their engineering projects. Another new program “Poster making”, it is obvious that posters can have quite a positive effect on the process of learning. This event helps students to visually represent the key points and while presenting elaborate on the same which facilitates their retention and recall of events and facts. The best advantage of poster making event is that it facilitates team work and understanding along with facilitating creative thinking.

ETA valedictory is conducted every year to share their views regarding Electrical Technical Association. Students are honored with prizes to boost their self-esteem.

With the collective effort of the Head of the Department, Faculty Advisors, faculty members, Non-Teaching staff and student ETA Team, ETA of Electrical and Electronics Engineering Department have successfully accomplished conducting the events.
