
A Report on One Day Technical Event
on
"Project Expo-2023"

organized by Department of EEE
in association with Electro-Affinity Club and Spikes Club
(02 May 2023)

The One Day Technical Event on **"Project Expo-2023"** organized by Department of Electrical & Electronics Engineering in association with Electro-Affinity Club and Spikes Club, Mohan Babu University on 02 May 2023

The Expo received an overwhelming response with 50 participants from all the departments in the university.

The endeavour was successful in creating a platform for the students to enhance the knowledge and motivate them to compete in the global competitive engineering field. The students were also able to showcase the research talents, Innovativeness, Creativity of the students. Prototype projects on recent societal issues with respect to better efficiency and low-cost product has been encouraged to the students. It is a platform to promote multidisciplinary research among all students of the school.

The proceeding of the One Day Technical Event was inaugurated by the eminent personalities on 02nd May, 2023.

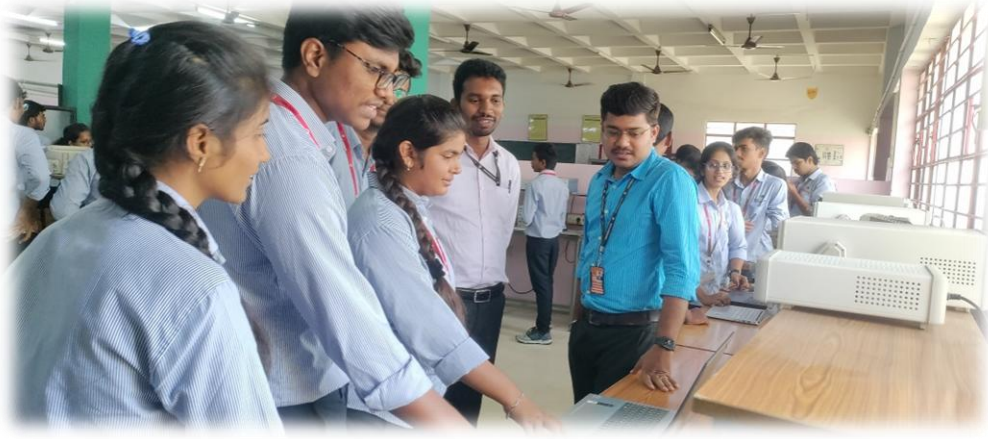

1. Dr. P. Giridhara Reddy, Dean-Academic Research, Mohan Babu University.
