

A Report on One Day Expert Lecture on
*“Electrical and Electronics systems in
Vehicular Technology”*

17 September 2022

The One Day Expert Lecture on **“Electrical and Electronics systems in Vehicular Technology”** was organized by the Department of Electrical & Electronics Engineering 17 September 2022.

The Expert lecture received an overwhelming response with 70 participants from final year B.Tech EEE students in the campus.

The endeavour was successful in creating learning environment for the students. The lecture also provided Knowledge on basic concepts on electrical and electronics systems applied in vehicular technology and provided skills on various vehicles used for individual applications. The students also familiarized of current technologies, tools and implementation strategies in vehicles and inculcate awareness on current trends on research issues.

The proceeding of the One day expert lecture was on 17th September 2022 by

1. Dr. M. S. Sujatha, Professor & HOD EEE, Mohan Babu University.
1. Mr. Guravaiah Yalanati, Manager, Product Development, Powertrain Electrical & Electronics, PSA Avtec Powertrain Pvt Ltd, Stellantis, Hosur (India).
2. Dr. D. Suresh Babu, Professor, EEE and Convener of the Program.
3. Dr. I. Kumara Swamy, Associate Professor, Dept. of EEE, Sree Vidyanikethan Engineering College.

4. Mr. P. Venkatesh, Assistant Professor, Dept. of EEE, Sree Vidyanikethan Engineering College

Participants during the program

Dr. D. Suresh Babu, Convener in his thanking note has summarized the program and thanked each and the speaker for giving his valuable time to make the participants aware about the importance of vehicular technology.

Dr. D. Suresh Babu
(Convener)
